

TRAIN FELL OVER A BLUFF

Southern Pacific Passenger
Wrecked at Sea Cliff, an Is-
olated Siding Near Ventura.

NEARLY FIFTY WERE
SERIOUSLY INJURED

Ambulance Train Brought
Physicians and Nurses, and
Sufferers Were Taken to
Los Angeles for Treatment.

VENTURA, Sept. 10.—The second section of Southern Pacific train No. 10, the Sunset Express, was wrecked at Sea Cliff, an isolated siding eight miles from Ventura, at 9:30 o'clock this morning and nearly fifty passengers were more or less seriously injured.

The train was running at a speed of about 40 miles an hour at the time of the accident. It was in charge of Conductor Bob Sturgeon, and was of the usual equipment—motive engine, tank and baggage car, express car, smoker and two chair cars. The wreck was caused by the big driving wheels of the locomotive leaving the rails, through some cause unexplained, and though Engineer Lowery at once applied the emergency brakes the engine was going at such a speed that it was not stopped for forty-five car lengths. The big drivers cut off the bolts and spikes of the rails for the entire distance.

The trucks of the engine did not leave the rails, neither did the tank car or baggage car. The smoker went through a small trestle and with the two chair cars was thrown down the bank to the ocean beach below.

There were sixty people in the three coaches and with but few exceptions all were more or less injured. The track is built along the bluffs twenty feet above the ocean and the coaches were landed up side down on the beach below. The passengers were piled in a heap in each car. Broken glass and detached seats caused many serious injuries. The passengers in the upper part of the cars were thrown violently to the lower side, and these were injured the most. It is a miracle that anyone was not killed.

A message was dispatched to Ventura for assistance and Doctors Canvane, Ryburn and Hunning with nurses from the Bard hospital were sent at once to the wreck. By the time they arrived the injured had been taken from the wreck and made as comfortable as possible.

About an hour after the arrival of the Ventura doctors and nurses a special arrived from Santa Barbara with other physicians. At 2 o'clock a special train arrived from Los Angeles with Division Superintendent Burkhalter, Dr. Hutchinson, Southern Pacific surgeon, and other physicians. The injured were placed aboard this special and sent to the hospitals in Los Angeles.

The following persons were seriously injured: Mrs. Mary E. Petran, Spokane, wife of H. E. Petran, building contractor of San Francisco, rib broken, head cut, gash in left breast penetrating the lungs; Mrs. M. J. Noll, of Long, San Francisco, shoulders dislocated and arms injured; internal injuries. Julius Martin, Arkansas, internal injuries; Mrs. J. D. Stiles, Los Angeles, head and shoulders injured; Mrs. J. D. Stiles, Los Angeles, head and shoulders injured; Mrs. J. D. Stiles, Los Angeles, head and shoulders injured.

The following others were injured, not seriously: Gertrude Petran, Spokane, daughter of Mrs. Mary Petran, back, sprained and shoulder cut; Miss Edith Petran, Spokane, head cut; O. Moyer, Lorraine, O., back badly sprained; Clara Lawler, Los Angeles, shoulder fractured, internal injuries; A. K. Miller, Los Angeles, ribs sprained; W. E. Clark, Louisville, actor en route to Los Angeles, right knee and left thigh injured, head scalp wound; Charles Franklin, description the same; head injured; J. D. Stiles, Los Angeles, back, sprained; J. D. Stiles, Los Angeles, back, sprained; J. D. Stiles, Los Angeles, back, sprained.

Charles Franklin, description the same; head injured; J. D. Stiles, Los Angeles, back, sprained; J. D. Stiles, Los Angeles, back, sprained; J. D. Stiles, Los Angeles, back, sprained.

Charles Franklin, description the same; head injured; J. D. Stiles, Los Angeles, back, sprained; J. D. Stiles, Los Angeles, back, sprained; J. D. Stiles, Los Angeles, back, sprained.

Charles Franklin, description the same; head injured; J. D. Stiles, Los Angeles, back, sprained; J. D. Stiles, Los Angeles, back, sprained; J. D. Stiles, Los Angeles, back, sprained.

Charles Franklin, description the same; head injured; J. D. Stiles, Los Angeles, back, sprained; J. D. Stiles, Los Angeles, back, sprained; J. D. Stiles, Los Angeles, back, sprained.

Charles Franklin, description the same; head injured; J. D. Stiles, Los Angeles, back, sprained; J. D. Stiles, Los Angeles, back, sprained; J. D. Stiles, Los Angeles, back, sprained.

Charles Franklin, description the same; head injured; J. D. Stiles, Los Angeles, back, sprained; J. D. Stiles, Los Angeles, back, sprained; J. D. Stiles, Los Angeles, back, sprained.

Charles Franklin, description the same; head injured; J. D. Stiles, Los Angeles, back, sprained; J. D. Stiles, Los Angeles, back, sprained; J. D. Stiles, Los Angeles, back, sprained.

Charles Franklin, description the same; head injured; J. D. Stiles, Los Angeles, back, sprained; J. D. Stiles, Los Angeles, back, sprained; J. D. Stiles, Los Angeles, back, sprained.

Angeles, hip and shoulder bruised; Frank J. Brundage, Farmersville, left leg bruised; Ella O'Brien, Chicago, back wrenched; Mrs. Mary Canney, Chicago, arm hurt; E. J. Piper, New York, bruised; Mrs. E. J. Gouge, Santa Barbara, slightly bruised; Mrs. J. F. Rolter, Boston, bruised; Miss Grace Rolter, Boston, bruised; Miss Susan Rolter, Boston, slightly cut; Wesley Anderson, Santa Barbara, bruised.

PREFERRING TO OUST PRESIDENT CASTRO

General Hernandez Is Organizing a
Revolution on Colombian
Soil.

NEW YORK, Sept. 10.—The Tribune today says: Venezuela is again threatened with civil strife. The man ready to lead the fight against President Castro is his enemy of long standing, General Jose Manuel Hernandez (El Mocho), formerly Venezuelan minister at Washington, leader of the conservative party and a veteran campaigner. The news was received in this city yesterday that already the general is near the western frontier of Venezuela on Colombian territory, preparing to strike the first blow in an armed conflict that he hopes will depose President Castro and seat himself in the presidency at Caracas.

It was only a few months ago that General Hernandez left this city and sailed for Barranquilla, Colombia. When he sailed he gave out that he was in ill health and was going to Colombia to reside. It was not long, however, before news came to his friends in this city that he was on his way up the Magdalena river, bound for Bogota. It was immediately surmised, and as later developments prove, correctly, that his mission was to confer with President Reyes of Colombia, who also is not on friendly terms with President Castro.

General Reyes, however, would not give to El Mocho the material support which he asked for his invasion, although it is understood that he granted in General Hernandez permission to organize his movement on Colombian soil. In this he is now actively engaged.

General Hernandez is in Santander, not far from the Venezuelan border, at Los Andes, the native state of President Castro. General Hernandez has also enlisted the co-operation of General Mendila, another of Castro's enemies, and the popularity of these two men combined with the general opposition to General Castro, it is believed, will give the insurrection a good foothold.

ROOT IS WELCOMED AT PERU'S CAPITAL

Residence Assigned for the Use of
Secretary During His Stay
at Lima.

LIMA, Peru, Sept. 10.—Elbio Root, American secretary of state, and his party, who arrived at Callao about noon today, were brought immediately to Lima, Root riding in President Pardo's carriage, and being accompanied by the mayor of the city. The party was escorted from the station to the town hall where they were met by crowds, who cheered enthusiastically.

Arriving at the town hall Root was ushered into the council room, where the members of the city council and public were present to greet him. A military band played "Hail Columbia" in honor of the Americans. The meeting in the council room was opened with a speech of welcome by the mayor of Lima.

The mayor then fixed upon the breasts of Root and his party gold badges upon which are stamped the arms of the city of Lima. Afterward Secretary Root and party visited President Pardo, with whom Root had a long chat. They also visited Foreign Minister Pardo, who assigned for the use of Root and his party during their stay here, President Pardo returned the visit of Root.

Secretary Root was entertained to night at a banquet at the President's mansion.

BRYAN ANNOUNCES NEBRASKA CAMPAIGN

Says Fusion Candidate for Governor
Preceded Him in Advocating
Government Ownership.

LINCOLN, Neb., Sept. 10.—William J. Bryan gave out a statement today, announcing that as soon as he returned from his southern trip he would enter the campaign in Nebraska, and several other states. Bryan said he felt deeply interested in the result in Nebraska and praised the ability of the gentlemen on the fusion ticket. Touching on the candidacy of Ashton C. Shallenberger, fusion candidate for governor, Bryan said: "He is not only in favor of the rigid enforcement of railroad regulation, and the two-cent passenger fare, but he advocated the government ownership of railroads before I did."

OMAHA, Sept. 10.—William J. Bryan spoke this afternoon at the carnival given at Krug Park under the auspices of the Central Labor Union. Bryan avoided politics, devoting his remarks to general labor topics. He took a strong position in favor of arbitration of labor troubles and international disagreements. Bryan left at 6:30 o'clock on the Wabash for St. Louis, where he is to give a reception. From there he will go on a tour of some of the Southern states.

JOURNALIST INJURED IN STREET CAR COLLISION

SAN JOSE, Sept. 10.—Charles D. Smith, a newspaper man formerly of San Francisco, was seriously injured this evening in a street car collision. He sustained a compound fracture of one leg and the other leg was painfully lacerated.

BELL IS IN LEAD FOR PLACE

But He Will Not Stand in the
Way of Marshall Diggs for
Democratic Nomination.

STRONG MOVEMENT
BEHIND PHELAN

Hard Battle in Progress Pre-
ceding State Convention at
Sacramento Today, for
First Place on Ticket.

SACRAMENTO, Sept. 10.—The eve of the state Democratic convention, which convenes tomorrow morning, at 11 o'clock in the Agricultural pavilion on the capital grounds, finds a hard battle in progress for the gubernatorial nomination. But comparatively little interest is being taken in the other nominations that will be made by the convention, and the principal attention of the delegates is being centered on the men who are aspiring to be named for the chief executiveship.

The most active men in the battle for the governorship nomination are Theodore A. Bell, former congressman from the second district, State Senator Marshall Diggs, of Sacramento, and William H. Langford, the candidate of the Independence league for governor.

There is a strong feeling among many of the delegates that James D. Phelan should receive the nomination, and several of those who are most active in behalf of the former mayor of San Francisco are now in communication with him. Phelan's most active friends declare they can secure the nomination for him, and they are now awaiting an answer as to whether he will allow his name to be presented before the convention. It is anticipated that Phelan will wire his decision before the opening of the convention.

Bell declares that he is willing to accept the nomination provided that Diggs, his friend and political associate, withdraws from the contest.

"I would rather have the nomination for congress from my district than to enter the state against Mr. Diggs for the governorship," said Bell today, to an Associated Press representative, "but should Mr. Diggs decide to withdraw, that will be another matter."

The delegates back of Diggs are making their utmost endeavor to have Bell take the nomination for congress from the second district. They state their belief that Bell would win the congressional seat in the election, and would add great strength to the ticket in that position.

It is rumored about the hotel lobbies and other gathering places of the delegates tonight that Diggs will not allow his name to be presented to the convention, but will withdraw in favor of Bell. Diggs would not discuss the rumor, and declared tonight that he was still in the fight.

There seems to be little probability at the present outlook that Langford will secure the nomination, unless the tide of sentiment among the delegates turns. Langford is making a hard fight, however, and says that he has a majority of the members of the San Francisco delegation behind him. It does not look tonight as though the San Francisco delegation will vote as a unit.

Late this afternoon the members of the Los Angeles delegation held a caucus and practically decided on Bell for the governorship.

There was a boom tonight in the camp of Thomas A. Island of Ventura, a former member of the state railroad commission, who is being talked of for the lieutenant governorship. The members of the Los Angeles delegation are prominently mentioning Nathan Cole of their city for second place on the ticket.

The convention will be called to order by Timothy Spellacy, chairman of the state Democratic central committee. Former District Attorney L. F. Byington of San Francisco, Superior Judge Frank of Los Angeles and District Attorney Seymour of Sacramento are among those who are most prominently spoken of for the chairmanship.

THEOSOPHISTS PREPARE FOR CONVENTION

CHICAGO, Sept. 10.—Colonel H. S. Olcott, president of the International Theosophical Society, arrived here yesterday with a retinue of fellow theosophists preparatory to the opening of the annual convention of the society next Sunday. Hundreds of theosophists from all over the world will be in attendance and it is expected that the gathering will be the largest of its kind ever held. The convention will continue through the week. Several of the meetings will be given over to exposures of "fraudulent spiritualists and other psychic impostures."

FATAL COLLAPSE OF CARAGE.

NEW YORK, Sept. 10.—By the collapse today of a garage in course of construction at Mineola, L. I., three workmen were killed and seven seriously injured.

NEW YORK CONVENTION OF INDEPENDENCE LEAGUE

Undecided Yet as to Whether a Com-
plete Ticket Should Be
Named.

NEW YORK, Sept. 10.—Delegates to the first state convention of the Independence league, of which Mr. William R. Hearst is president, are arriving today in large numbers. Sixteen hundred delegates have been named to attend and it is said every county in the state will be represented. The first session will be held at noon tomorrow.

On the subject of nominations, which are expected to be made Wednesday evening, there was much discussion among the delegates at the headquarters at the Gilsey hotel today. Some of these favored only the nominations of the head of the ticket, Mr. Hearst's name being the only one heard in this connection, leaving the remainder of the ticket to be named by the executive committee. These delegates were those who believed that much of the regular Democrats who wish to join in the independence movement should be well covered and given representation on the ticket. There were other delegates who voiced the sentiment that the Independence league should nominate a straight independent ticket from first to last. Mr. Hearst will meet the delegates informally this afternoon and will confer with several of the state leaders.

The state committee will meet tonight and may agree upon a course to recommend to the delegates as to nominations.

HAWAIIANS DECLINE TO ENDORSE CARTER

Governor Is Passed Over By Repub-
licans in the Territorial
Convention.

HONOLULU, Sept. 10.—The Republican territorial convention has amended the platform endorsement of Governor Carter's administration by striking out Carter's name and endorsing the general administration of territorial affairs.

An attempt was made to introduce a resolution endorsing Henry E. Cooper to succeed Governor Carter. The committee on resolutions, however, opposed the resolution and it was not offered to the convention. It was declared that the Honolulu merchants endorsed Cooper but the merchants today passed a resolution declaring that they endorsed no one.

ADMISSION DAY EVENTS

Thousands of Visitors Went to
Salinas.

Aquatic Sports the Principal
Feature of Holiday at
San Diego.

SALINAS, Sept. 10.—Never before has Admission Day been celebrated in the mother country of the State as it was in Salinas today. From last night till after sunrise special trains brought thousands of visitors from points as far north as Santa Clara and from the south as far as San Luis Obispo. A conservative estimate places the number of visiting guests at over 5000.

The day was celebrated by a parade over a mile long, followed by races and other exercises. Concerts were given all day by the combined bands of Waterville, Hollister and Salinas. This evening is being devoted to open air dancing on Main street. The city is beautifully decorated for the occasion.

Sports at San Diego.

SAN DIEGO, Sept. 10.—Large crowds witnessed the Admission Day aquatic sports here, the principal feature of which was the mile and a half swim between Harry Vaughn and Harvey Slooey of the San Diego Rowing club, and E. R. Dunigan of the Los Angeles Athletic club.

Vaughn won in 9:28, but admitted that the race belonged to Slooey, who though greatly handicapped, came in a close second. Dunigan was ill, and did not enter in the other contests, which were as follows: 440 yard swim, championship Southern California, won by Will Kyle of San Diego, defeating Ben Watling of Los Angeles in 5:58; 50 yards swim, championship Southern California, won by C. R. Conklin over Karl Kelle, both of the local club. E. Barnwell of Los Angeles refused to start, claiming Conklin swam too soon. One hundred yard swim, championship Southern California, won by Will Kyle of the local club in 1:17, defeating E. Barnwell of Los Angeles. In swimming distance contest Charles Prier of San Diego swam 45 yards under water.

Napa's Celebration.

NAPA, Sept. 10.—A big celebration was held in Napa today by the Native Sons. Over 3000 people were present from Calistoga and Vallejo. There was a parade this morning, participated in by 500 Native Sons from Napa and visiting paraders. The Napa band, Native Daughters, city fire department, old pioneers and Company II, Fifth regiment. This afternoon literary exercises were held at the pavilion. Frank M. Silva was the orator of the day. The exercises were followed by dancing at the pavilion.

REPORT ON CORN.

WASHINGTON, Sept. 10.—The crop estimating board of the department of agriculture today reported that the condition of corn on September 1, 1906, was 60.2; spring wheat, 83.4; oats, 81.9; barley, 80.4; rye, 90.5.

MASSACRE OF THE JEWS

Governor Orders Streets Mow-
ed Down With Artillery Af-
ter Slaughter Had Begun.

VICTIMS NUMBER
MANY HUNDREDS

Property of the Hebrews Loot-
ed and Pieces Offered for
Sale By Soldiers to Passen-
gers on the Trains.

SIEDLICE, Sept. 10.—A Jewish massacre, surpassing in seriousness all previous ones in this vicinity, took place here Saturday and Sunday. It was entirely planned beforehand, the soldiers warning all of the Christian population in advance to hang out their kimonos, so that they might remain undisturbed. Saturday night some terrorists killed two soldiers and thereupon the Lithuanian regiment broke forth in unbridled fury. They began murdering Jews on every hand and continued their work of slaughter all night Saturday and all day Sunday. The ghastly work of murdering and pillaging continued until early this morning, when Governor-General Skallan telegraphed for permission to use the artillery. Four batteries then opened fire down Plinsk, Warsaw and Aliena streets, which were inhabited by thousands of Jews. The destruction was horrible. As a result of the general slaughter it is estimated that fully 200 Jews have been killed and 1000 wounded. There are 3000 prisoners in custody, a great many of whom are wounded. Not a soldier was killed.

This morning squads of soldiers were parading through the streets selling pillaged watches and jewelry. The army officers openly confessed the selling of loot. The local governor took no steps to prevent the outrage.

To prevent reports of the outrages being sent out, the telegraph offices are closed and no persons are allowed to leave the town. The refugees continue to crowd the stations. The soldiers are drunk and behaving with extraordinary brutality.

A delegation of citizens asked the governor to order the troops to cease firing, but the governor replied that the citizens must deliver up their leaders and the revolutionists, or otherwise the city would be bombarded. The authorities assert that fifteen terrorists have arrived from Warsaw and that they must be arrested before any of the inhabitants are permitted to leave the city.

The scenes yesterday and today were of unspeakable horror. Everywhere there were screams and cries, mingled with the sound of shooting. Soldiers today invaded the restaurant of the Victoria hotel and destroyed the furniture of the establishment, and carried off the wines and liquors.

ST. PETERSBURG, Sept. 10.—The prediction made in the dispatches on August 24 of a Jewish massacre at Siedlice, Russian Poland, unhappily have been justified by the fighting which broke out Saturday night and developed yesterday into a carnival of indiscriminate slaughter and pillage, in which the soldiery and the mob took part.

Unfortunate Jews were shot and hurled into the streets of the town. Houses and shops were broken into and looted. Valuables were carried off and offered for sale by soldiers to passengers on passing trains. In addition to the Jews a number of Christians and even some officers met their death in the fighting. The number of victims has not yet been established but a conservative estimate places it at 140. The Jewish fugitives who thronged the railroad stations at Siedlice are in a state of panic.

Reports received here from Warsaw and other towns in the vicinity of Siedlice place the number of victims at several hundred.

The early reports of the Siedlice massacre put the responsibility at the door of the terrorists, but fugitives declare the soldiers never would have been allowed to get so completely out of hand without the connivance if not the actual direction of their officers. The first reports received of the Bialystok massacre last June said the terrorists were to blame there also.

It is impossible to obtain details of the trouble at Siedlice as the town was surrounded yesterday by soldiers and nobody was allowed to enter. Passengers, however, who arrived at Warsaw during the night, gave the following account of the slaughter:

After the murder of a policeman by terrorists on Saturday night, and the firing of a volley by troops into the assembled crowd which resulted in the killing of two citizens and wounding of two more, the terrorists decided to exact vengeance by inaugurating a general campaign against the police and troops similar to the recent activity at Warsaw. Sunday morning twelve policemen and soldiers were killed. As a result of this the Lithuanian regiment and marched into the Jewish quarter, shooting right and left as it went. The troops were joined by crowds of hoodlums, who co-operated in the plundering and wantonly destroyed every-

thing they were unable or undesirous of carrying away. The sale of booty by the soldiers went on under the very eyes of their officers.

Late in the afternoon the Kaluga regiment arrived on a special train from Biala and measures were instituted to put a stop to the pogrom. In spite of this, however, the shooting continued up to a late hour last night. A correspondent of the Associated Press who was not able to get into Siedlice yesterday started for there a second time this morning.

Siedlice is a town of 30,000 people, half of whom are Jews.

BERLIN, Sept. 10.—The correspondent at Warsaw of the Vossische Zeitung says in a dispatch that the outbreak at Siedlice apparently was prepared beforehand. Bands of strangers, ostensibly soldiers on furlough, took a most active part with the soldiery. At one stage of the fighting the Jews succeeded in driving the soldiers back. The victims are counted by the hundreds. Many houses in Siedlice are burning and nobody is trying to put out the fires. A great many arrests were made today, but there are few Jews among the prisoners.

According to the Warsaw correspondent of the Lokal Anzeiger, the authorities had four pieces of artillery in operation on the streets from 8 until 10 o'clock this morning. Twelve rounds were fired and four houses, from which shots had been fired at the soldiers yesterday, were completely destroyed. In addition to the 150 Jewish shops a number of Polish stores were plundered.

The correspondent estimates the number of Jews killed at 100 and says many more were wounded. Only a few Christians have been permitted to leave the town. The attack on the Jewish population, the correspondent concludes, is an act of revenge.

GIRL'S DEATH CAUSED REVOLT OF PRISONERS

Appearing at Window of Cell, She
Was Shot By a Sentry.

ST. PETERSBURG, Sept. 70.—There was a revolt today in the central detention prison at St. Petersburg in consequence of the death of Mile Semanova, a girl of 22, a young and enthusiastic social Democrat, who was shot and killed by a sentry when she showed herself at the window of her cell, overlooking the court yard. The prisoners expelled the wardens, carried the prison and laid the corpse of Mile Semanova on an improvised bier in the cell, refusing to deliver it to the authorities and swearing they would die rather than surrender it. Troops were summoned, but the authorities, fearing bloodshed, implored and sent for the brother of Mile Semanova, in whom the insurgents delivered the body.

Grand Duke Nicholas, after an investigation of the affair, personally ordered the dismissal of the officer of the guard, which was drawn from the unpopular Semenovskiy regiment. Mile Semanova was a medical student and was seeking to do with the prisoners some sugar which she had surreptitiously obtained, when she was shot.

HIPPLE CARRIED LITTLE INSURANCE

So Far Nothing Has Been Found
Wrong With the Company's
Trust Funds.

PHILADELPHIA, Sept. 10.—Contrary to the general belief, Frank E. Hipple, the suicide president of the wrecked Real Estate Trust Company, carried only a small amount of life insurance. This became known today when counsel for the Hipple family announced that policies for a total of only \$7500 on the life of Hipple have been found.

The experts who are investigating the affairs of the trust company are examining securities for trust funds in the care of the institution. These trusts aggregate more than \$250,000 and there is considerable anxiety by beneficiaries of these funds over their safety. Up to this time there has been only a hasty examination of the securities and with the exception of about \$50,000 they were found practically intact.

HIGGINS IN ACCORD WITH ROOSEVELT

Is Announcement After Conference
On New York State
Politics.

OYSTER BAY, L. I., Sept. 10.—"All I can say is that I have had a very pleasant visit to President Roosevelt, and that he and I are in entire accord."

This was the extent of the information which Governor Frank W. Higgins wished printed regarding his conference today with President Roosevelt at Sagamore Hill.

President Roosevelt has indicated that he has nothing whatever to communicate regarding the conference. The governor said: "Naturally, President and I talked over New York State politics, and discussed the candidates."

SECRETARY SHAW IN NORTH CAROLINA

GREENSBORO, N. C., Sept. 10.—Secretary Shaw spoke to an immense gathering of Republicans at Winston-Salem today and again at Salisbury tonight.

At Winston-Salem he arraigned the Democratic party, declaring that it had no platform, and stood for nothing.

He will speak tomorrow at Statesville and Wednesday at Asheville.

NEW YORK'S HEAT WAVE.

NEW YORK, Sept. 10.—New Yorkers are again suffering from a heat wave. Several deaths and a few prostrations were reported.

COOK OUT OF DANGER.

PITTSBURGH, Pa., Sept. 10.—Lawrence R. Cook, the legislator who was stabbed yesterday by Andrew MacMillan, a justice of the peace of Carnegie, was reported to be out of danger today. Mrs. MacMillan, over whom the quarrel started, has been located and summoned to appear at the hearing.

LAND FRAUD CASES

BOISE, Idaho, Sept. 10.—When the federal court convened here today the grand jury was empaneled and an investigation of Idaho timber land frauds began. More than fifty witnesses have been brought here to testify in relation to these land matters.

VICTORY IS NARROW ONE

Republicans Carry their Maine
Ticket, But By Unusually
Small Majorities.

LITTLEFIELD IS SENT
BACK TO CONGRESS

On a Prohibition Platform,
Governor Cobb Is Re-Elect-
ed By 8000 Majority—Big
Vote Called Out.

PORTLAND, Me., Sept. 10.—Governor William T. Cobb of Rockland, Republican, standing on a platform devoted almost exclusively to a continuance of the prohibitory law of the state, was re-elected today by a plurality of less than 8000, with but few exceptions, the smallest margin of votes ever given a Republican governor in the state of Maine.

Cyrus W. Davis of Waterville, the Democratic candidate for governor, polled one of the largest votes in the history of the party in this state. This issue in the campaign was the resubmission of the liquor question, which was incorporated in the state constitution four years ago.

More interesting from a certain standpoint was the re-election of Congressman Littlefield, from the second district, by a greatly reduced plurality. Congressman Littlefield's candidacy was the subject of bitter opposition on the part of Samuel Gompers, president of the American Federation of Labor, who asked for his defeat on the ground that he had voted against labor measures at the last session of congress. The issue between Gompers and Littlefield was taken up by the Republican congressional committee, and for three weeks the district has been the scene of a hard fight in which Secretary of War Taft, Senator Lodge and Senator Beveridge and several congressmen were pitted against the head of the Federation of Labor.

Littlefield's plurality was estimated tonight at about 1000.

Congressman Edwin C. Burleigh, in the third district, and Llewellyn Powers in the fourth are re-elected by 2,000 plurality.

The re-election of Congressman Ames L. Allen in the first district is claimed by the Republican leaders. The legislature will be Republican by a safe margin.

THREE-QUARTERS CROP OF COTTON REPORTED

Government Statement Causes an
Immediate Advance in the
Market.

WASHINGTON, Sept. 10.—The crop estimating board of the department of agriculture estimates the condition of the cotton crop of 1906 up to August 25th to be 77.5.

WASHINGTON, Sept. 10.—A bulletin issued today by the census bureau places the cotton ginned in the United States up to September 1, 1906, at 403,200 bales, counting round bales as half bales. Up to the same time last year 476,655 bales had been ginned.

NEW ORLEANS, Sept. 10.—Prices of active cotton futures rose between 20 and 25 points, or about \$1 a bale upon receipt of the government crop condition report today but the ginner's report which followed the condition report had no immediate effect on prices. December sold at 92 1/2 immediately after.

GOLD IMPORTATIONS.

LONDON, Sept. 10.—The United States secured practically the entire \$2,500,000 gold offering on the market today, although the price had advanced one penny and three-eighths over Saturday.

In addition the United States also took \$1,010,000 in gold at the bank of England.

Goldman, Sachs & Co. announced the engagement of \$500,000 in gold, and Muller, Schall & Co. of \$200,000 in gold for import into the United States.

INVESTIGATING IDAHO

BOISE, Idaho, Sept. 10.—When the federal court convened here today the grand jury was empaneled and an investigation of Idaho timber land frauds began. More than fifty witnesses have been brought here to testify in relation to these land matters.

Gray, Tan and White Blankets Fancy Border 69c

Ruler and blotter with each purchase of school books.

Gottschalk's

Gottschalk's big value tablet 5c The best.

The School Book Headquarters

When we state that we are HEADQUARTERS we mean it, for we carry the books that are just what you should have, and then our prices are the lowest. Gottschalk's has always stood at the head in School Books and supplies, as they do in all other lines of merchandise. IT IS THE SAFE PLACE TO TRADE. We have made greater preparations than ever to supply your wants. Everything here for school use, as well as all of the books for elementary and High School. PAINTS, PENCILS, TABLETS, LECTURE PADS, PENS.

Pen holders, crayons and every thing else your teacher may order you to get. For convenience of our customers we publish the following list of books. They are the authorized books for both the elementary and high school, and the correct editions.

\$15.00 Suits that sold for \$25.00 and \$30.00.	

\$1.75 Satin Finish Damask Napkins \$1.15 per Dozen

FRAUD IN COAL LAND

A Gould Corporation to Be Prosecuted.

Department of Justice Alleges that Dummies Were Used to Obtain Title.

TRENTON, N. J., Sept. 10.—An announcement was made here today that Attorney-General Moody has brought suit in the federal court here to recover possession of lands in Utah now held by the Utah Fuel company, alleging that representatives of the company induced agents to apply to the government for grants which on the day after their receipt were turned over to the Utah Fuel company. The attorney-general charges that this was fraudulent and demands the return of the lands.

SALT LAKE CITY, Sept. 10.—The Utah Fuel company is known as a Gould corporation and its stock is held by interests connected with the Rio Grande railway. The company holds more than 30,000 acres of coal lands in Utah and practically controls the coal output of the state.

On July 27th last the department of justice at Washington caused suits to be instituted in the federal court here for the recovery of about 20,000 acres of these coal lands, alleging that they had been acquired from the federal government by gross frauds. The Utah Fuel company, the Pleasant Valley coal company, an allied concern and the officers of the two companies were named as defendants.

The Morton Trust company of New York as the holders of a mortgage to secure bonds issued by the Utah Fuel company, was also made a party to the action.

HOO HOO ORDER ELECTS OFFICERS

Injunction Against Roping Performance Has Been Dissolved.

OKLAHOMA CITY, Ok., Sept. 10.—A business meeting of the Consolidated Order of Hoo Hoos was held in the Overholser opera house this morning. Mayor J. P. Mossenbaugh delivered the keys of the city in a brief address to the supreme snark, R. D. Inman, who delivered a happy response.

"Our new state guests," by N. F. Holman, president of the Chamber of Commerce, followed, to which Colonel A. D. McLeod responded. The report of the supreme snark, R. D. Inman, of the appointment of committees followed.

This afternoon the annual reception to visiting ladies was held. In the evening 100 candidates will be initiated into the secrets of the order.

Judge Burwell dissolved the temporary injunction against the roping contest except on Sunday. A contest will be given this evening. Special trains brought large crowds to the city yesterday.

A MILLION DOLLARS IN FRENCH JUNK

Canal Commission Finds Profitable Source of Revenue in Clearing Ground.

WASHINGTON, Sept. 10.—The sale of 7,000 tons of junk on the isthmus of Panama for \$600,000 recently has encouraged the canal commission to believe they have a small fortune in worthless machinery purchased from the French Canal company. The lot of scrap iron was assembled from a few acres of ground which Chief Engineer Stevens found it necessary to clear in order to construct new switching yards for the Panama railroad. One of the officials of the canal commission said today that there were thirty miles of ground strewn with similar machinery. He roughly calculated that when this machinery is gathered up it will be worth one million dollars or more.

STRIKE BREAKERS RETURNED HOME

United Railroads Pays Return Fare for 250 of Them.

SAN FRANCISCO, Sept. 10.—About 250 of the men who were brought to this city to break the strike of the street car men on the United Railroads of this city were sent back to their Eastern homes today, their fares being paid by the company. These men preferred to return, but a much larger number of the strike-breakers, none of whom were used in that capacity, have decided to remain here all being assured of employment.

DEATH OF WELL KNOWN STOCKTON WOMAN

STOCKTON, Sept. 10.—Mrs. Sylvia Nichols Davis, widow of the late Rev. George R. Davis of Carson, Nevada, passed away in this city yesterday after a short illness, at the home of her son, William C. Davis, of the Stockton Mail, in her 81st year. The deceased was also the mother of Hon. S. P. Davis, state controller and ex-officio insurance commissioner of Nevada, Mrs. H. C. Shaw of San Francisco and Mr. H. Davis of the Munsey publications, New York. Two sisters, Mrs. Charlotte Crowe and Mrs. Sarah Burritt, of New Haven, Conn., also survive her.

Remove the Hair.

From your arms if you wish them to look nice in short sleeves. Smith's Depilatory Powder is the best. Price 50c at Smith Bros' Drug Store.

CHADDOCK & CO.

Want your raisins. See them at Fresno or Fowler, before selling.

J. B. Myers, Insurance, 1944 Tulare St., with Miss Coleman. Call and see me.

SURGEON GENERAL ON INSPECTION TRIP

Reports Hospitals of the United States In Orient to Be in Good Condition.

WASHINGTON, Sept. 10.—Surgeon General Nixey of the navy, in a trip around the world has just completed his inspection of the hospitals of the United States in the Orient. He found that the hospitals were in good condition and that the medical corps exercises complete jurisdiction. This was found in good condition and work was in progress on a new administration building. At Nagasaki and Shanghai the sanitary conditions of the hospitals where the sick sailors were taken were found in a fair condition, but not as satisfactory as the hospital at Yokohama.

Surgeon General Nixey spent some time in the Philippines. The naval hospital at Cebu, near Cavite, is declared to be in good condition, especially from a sanitary point of view. At Olongapo, which is the proposed naval station for the Philippines, but which is still in a state of incompleteness, the sick quarters were found unsatisfactory and much is needed in the way of improvement in the sanitary conditions. The construction of a sewer, which is now under way, is expected to somewhat remedy the present state of affairs. The hospital site of Olongapo is declared to be excellent.

On his way home General Nixey stopped at all points on the Suez route until he reached the Mediterranean. At Paris and London he visited the hospitals. From the naval institution at London, an institution similar to the one the government is building at Norfolk, General Nixey acquired information that will prove valuable in the arrangement of the Norfolk institution.

NEW YORK, Sept. 10.—Ladenberg, Thillman & Co., bankers in this city, received a telegram today from Patrick Calhoun, president of the United Railroads of San Francisco, in which Mr. Calhoun denies that he is to resign from the company. The telegram follows:

"I have no intention of resigning. You are authorized to deny the report emphatically and state that my interest in the property is just as great as ever."

A member of the firm of Ladenberg, Thillman & Co. said that Mr. Calhoun's denial was intended to apply directly to the report that he would resign as president of the United Railroads.

NEW AMBASSADOR MAY BE RECEIVED

Leishman Has Delayed Forcing His Claim Because of Sultan's Illness.

CONSTANTINOPLE, Sept. 10.—There is some probability that Ambassador Leishman will be received in audience this week by the sultan for the purpose of handing in his credentials. Mr. Leishman has abstained from pressing for an early reception since the sultan became ill, recognizing that the ambassador to whom audiences had been promised before the illness of the sultan had a priority of claim. The suggestion in a dispatch from New York that the American squadron under command of Rear Admiral Brownson possibly would make a demonstration in Turkish waters is not taken seriously here. It is pointed out that the present relations between the United States and Turkey do not justify any such action.

A PUBLIC RECEPTION FOR CONGRESSMAN GILLET

EUREKA, Sept. 10.—Congressman J. N. Gillett, Republican nominee for governor, arrived at his home here on the steamer Corona this morning. He was met by a number of citizens and a brass band on the steamer Antelope, which escorted the Corona up the bay. At the Hotel Vance several speeches were made. Mr. Gillett will be given a public reception during the week.

HOTEL AT INGOT BURNED.

REDDING, Sept. 10.—Cooney's hotel at Ingot was burned yesterday causing a loss of \$8000. Several of the inmates were injured but not badly. S. E. Betherston of the Great Western company had a narrow escape from death.

HORRIBLE DREAMS.

Fortunately Don't Always Come True.

Whether dreams are the result of things we have thought about the day previous, or to something we have eaten, is sometimes a question hard to answer.

A Penna. woman has noticed that horrible dreams came from the excessive use of coffee. She writes:

"For 20 years I've been drinking coffee and have been troubled more or less with nervous headaches, shortness of breath, horrible dreams and palpitation of the heart."

"The doctor said I would have to give up coffee—said I had what is called 'coffee heart.' I would try to stop it, only to begin again worse than ever."

"One day I read an advertisement about Postum and decided to try it. The effect was simply wonderful. I quit coffee and each day I drank Postum and in a week I began to grow stronger and less nervous. This kept on until now I feel like an entirely different woman. To my friends who ask me what has brought about such a change in so short a time, I say 'It's Postum.'"

"I have now been using Postum for two and a half months and have not the least desire for coffee. I find Postum tastes best by putting it in cold water and letting it come to a boil slowly—then boil it 25 minutes." Name given by Postum Co., Battle Creek, Mich. Read the little book, "The Road to Wellville," in pkgs. "There's a reason."

S.S.S. A CERTAIN SAFE TREATMENT

Even if mercury and polish could cure Contagious Blood Poison the condition in which these strong minerals leave the system would make the cure worse than the disease. But they cannot cure the vile disorder; they can only cover up the symptoms for awhile to break out with renewed violence when the treatment is left off. When the virus of Contagious Blood Poison enters the blood the entire circulation becomes poisoned, and the loathsome symptoms begin to appear. The mouth and throat ulcerate, hair and eyebrows come out, glands of the neck and groin swell, copper-colored spots appear on the body, and in severe cases sores and ulcers break out, and even the bones become diseased. S. S. S. is the only certain, safe cure for Contagious Blood Poison; thousands have been cured by it after failing with the mineral treatment, Hot Springs, etc. It is the only remedy that is able to get at the root of the disease and force out the poison so that no signs are ever seen again. S. S. S. is purely vegetable, being made of roots, herbs and barks, and never leaves any bad effects, but instead, tones up the stomach and digestion and builds up every part of the system while removing the poison from the blood. Book with instructions for self treatment and medical advice free. THE SWIFT SPECIFIC CO., ATLANTA, GA.

A Word of Warning

Don't buy substitutes for MENNEN'S BORATED TALCUM POWDER. "Just as good" is only a deceit by which a dealer tries to make money out of the superiority and success of MENNEN'S POWDER. There's nothing just as good as MENNEN'S and users of substitutes and imitations risk skin, complexion and comfort in doing so.

As a protection to health use Mennen's Powder and only Mennen's.

Have you tried MENNEN'S VIOLET BORATED TALCUM POWDER? Ladies partial to violet perfume will find Mennen's Violet Powder fragrant with the odor of fresh plucked Parma Violets.

For sale everywhere for 25 cents, or mailed post paid on receipt of price, by GERHARD MENNEN CO., Newark, N. J.

Mothers, Do Your Part

Mentally and physically you are the architect of the future. The laws of nature are never inactive. If you do not understand them as they apply to food, a little later you will find that your children will suffer from sickness in the various forms. It has become an established fact that

DR. PRICE'S WHEAT FLAKE CEREAL FOOD

is the best food for growing children. It is made from the whole wheat berry, celery infused, so making it a food to feed the blood, the nerves, and prevent constipation.

ADVERTISERS USE THE REPUBLICAN

The Second Week of Our Great Removal Sale Starts at 9 This Morning With a New, Powerful List of Unequaled Offerings That Are Bound to Crowd This Store From the Opening Till the Closing Time

We told you in our yesterday ad that our regular fixtures had been transferred in to our new store and that temporary fixtures were erected in their place in our present quarters where we expect to remain for several weeks yet. Meanwhile we ask your indulgence. We have done the best possible under the circumstances, but of course it is impossible to present a good appearance with rough and unpainted lumber as fixtures.

The transferring of our regular fixtures into our new store brought to light many garments that we want to clean out, but which were overlooked before owing to the very crowded condition of our stocks. These will be forced out at prices that in many instances are less than half what they actually cost us. The continual inpour of new fall merchandise that is tumbling in daily made it imperative that some of the shipments should be opened up, for nearly every inch of space in which same could be held in their original packages is occupied. These will all go on sale at prices that bring them from 20 to 30 per cent less than they should be, but we simply have to have room and are offering these price concessions on new fall goods in order to hurry them out and make room for other shipments that will arrive daily.

We Offer Today While They Last New Fall Prince Chap Suits at \$9.95 Worth up to \$30

Sale will commence promptly at 9 o'clock; we will positively not sell any before. To be sure we are sacrificing a big portion of our cost on them at this price, but we must have room regardless of the loss. Suits packed in too closely in the racks are apt to become ruined. We can't afford to take chances. We'd rather stand a loss on some and get them out of the way. The above suits are positively this season's newest Prince Chap suits, made of pretty grey mixed suiting, also rich plaids, full satin lined; alterations extra of course.

\$2.95 for New Dress Skirts Worth \$5.00

The new dress skirts, made of the very popular grey pinks and mixtures that are worth \$5.00, will go at \$2.95 while they last; alterations extra. Included at this price are some navy and black with white stripes, fancy designed and very good and serviceable. There are but a limited quantity. Better come in this morning if you can and be sure of getting one.

\$5.95 for New Black Vaile and Batiste Dress Skirts Worth \$8.50, \$9.50 and \$10.00

They were just unpacked, the newest fall skirts. Three styles. Two styles are of vaile, the other of batiste. They are worth from \$8.50 to \$10.00. Your choice today while they last \$5.95; alterations extra. The batiste has one hundred pleats, stitched to inches below the band, one of the vailes is handsomely trimmed in black silk bands, silk fagoting and black silk ornaments in fancy designs. The other vaile has 18 pleats and has pleat in front.

\$6.10 for New \$9 Plaid Walking Skirts

There are twenty in the lot, beautiful plaids and checks in handsome color combinations. For instance there is one pattern small plaid, that comes in two shades of grey which are shaded in dark grey and outlined with hair stripe of white, another comes in shaded plaid of blue and white; still another in the broken plaids in two shades of grey. Values up to \$9.00 on sale while they last \$6.10; alterations extra.

98c For Furs Up to \$5.50

Ten in all, last season's, fine neck scarfs, all in good first-class condition. Coney, Muscoat and Thibet; not one worth less than \$4.00 and from that up to \$5.50. Choice while they last 98c. Sale 9 a. m. One to each purchaser.

98c For \$6.00 Linete Suits

On sale at 9 a. m. About ten in all. All large sizes only. Eton jackets, good fall skirts, the same suits that we sold early in the season at \$6.00; now to close out we offer choice 98c. Positively only one to each purchaser.

49c for Muslin Night Gowns Worth 75c 69c for Muslin Night Gowns Worth \$1.00

Fifty at each price, but they are such exceptional values that we want them to go round as far as possible and will therefore limit their sale to one to each purchaser. They are made of extra good grade muslin trimmed in good embroidery edging; some tucked and hemstitched. Of course the 69c have a great deal more and better embroidery than the 49c, but they are both exceptional values at 75c and \$1.00. On sale at 49c and 69c.

S. and T. Co., SANGER.

SYMPHONY CONCERTS IN GREEK THEATER

Second Series Under Auspices of the University, to Begin Thursday.

BERKELEY, Sept. 10.—An annual series of symphony concerts in the Greek Theater, given under the open sky by the University orchestra of professional musicians, promises to become a fine tradition of California life. The second series of these symphony concerts by the University orchestra will be inaugurated on Thursday, September 13, at 4:30 o'clock. As last year, the conductor will be the professor of music in the University of California, Dr. J. Fred Weller. The concert master will be Mr. Giulio Minetti, and the sixty players will be the best professional musicians of the San Francisco region. Last year's symphony concerts brought together in the Greek Theater audiences ranging in number from 3000 to 6000. It was such a vast popular outpouring to hear noble music in noble surroundings as the world had scarcely seen before. To hear the masterworks of this and other centuries, the great creations of Beethoven, Bach, and Haydn, of Wagner, Tchaikovsky, and Grieg, rendered by a great orchestra in the classic setting of the Greek Theater with fresh outdoor air to breathe, with birds singing in the tree tops all about, with the blue Californian sky overhead, was a high satisfaction and an inspiration to right living and happiness. This undertaking of the university is of particularly strong appeal because it involves no element of private gain. The University orchestra is administered as a public trust, as the university administrators the Lick Observatory, the Winemaking Trades school, and the department of agriculture. The symphony concerts have proved self-supporting, thanks to the splendid popular response for the nine concerts thus far given. Any surplus is destined for more music at the university hereafter.

For the first concert of the year, next Thursday, the orchestra will play Beethoven's second symphony, the overture to "The Marriage of Figaro" by Mozart, a "Morning Song" and an "Evening Song" by Elgar, the "Jubilee Overture" by Weber, and a group of Norwegian melodies by Grieg. Already once this college year the University orchestra has played in the Greek Theater, rendering the Mendelssohn music for a presentation of Shakespeare's "Midsummer Night's Dream" by Constance Crawley and her company. No less than 6700 people gathered for that memorable evening of the classic setting of the Greek Theater poetry and music.

UNABLE TO SECURE OIL

Work on City Streets is Delayed.

Superintendent Spencer Plans to Do Much Oiling Before Rains Come.

Inability to get oil is delaying Superintendent of Streets Spencer in his work of oiling the streets. With less than a month now before the first rains, Spencer finds himself stopped right in the middle of his work because the railroad companies cannot bring the oil here. He has one car on hand now, but it is the second that has arrived in two weeks. Considering that he has facilities for handling a car a day and needs it that fast in order to permit his finishing the work he has laid out before the wet weather, the prospects for getting all the streets oiled are not bright. Despite the fact that the railroads cannot get cars for Fresno, there are whole trainloads of oil going through Fresno every day.

"We got started to oiling very late this year," said Superintendent Spencer yesterday. "When the oil came regularly a car a day we could have worked as hard as we could. But for the past two weeks the work has been practically at a standstill. I have been trying to get the streets around the school buildings oiled before the commencement of school, but I have been unable to do it.

"When the oil begins to come again I am going to put most of my effort into the southern part of the city, where the people are clamoring for oil. When I first began the oiling I went into the northern part, chiefly because the wind always blows in from that direction and it protects the main part of the city to lay the dust there. That work is for the greater part completed, and I have a lot of streets out there that I am proud of. Take K street, for instance. It was in pretty fair condition to begin with and many people told me I shouldn't oil it. But I oiled it, and now it is as smooth as can be and won't have to be touched except to have the gutters cleaned for a couple of years. It pays to oil the streets well. Look at San Pablo avenue. I ought to have done it a year ago when it had just been graded and I put 140 barrels of oil on it for each block. The result is that the street is in the best shape of any street in town and not a cent has to be spent on it this year and I don't believe any will have to be spent next year except for cleaning the grass out of the gutters. Poplar avenue is another example. If I can once get the streets in the condition I want them, it won't be a difficult matter to keep them so.

"The chief difficulty encountered in the oiling of the streets is to keep the streets from getting 'roily' and full of chuck holes. Much of the oil sent us has been very heavy, so heavy in fact that we have had to have it at almost a boiling pitch to get it to flow. It was almost as solid as asphaltum. This heavy oil when it gets packed makes the best possible roads, but before it packs it rolls up badly and that is what makes the streets uneven. I fill the chuck holes with oiled dirt, but the rolls in the streets it is a hard matter to get rid of. However, so far we have been very fortunate in this respect and most of the streets are very smooth."

REMARKABLE HERD OF HUGE ELEPHANTS

How the Two Biggest Fellows With the Forepaugh-Sells Circus Get out of their Car.

The mammoth proboscidean monsters, said to be the two most costly elephants in the world, will be with the Forepaugh-Sells menagerie, Thursday, next. They are of the giant mastodon species, huge tusks, with enormous umbrine, ours, rivaling in immensity of weight and in appearance the curious pictured mammoth of past ages.

One of the interesting sights incident to the unloading of a circus train is the performance of the two mammoths in getting out of their huge car. The other elephants in this remarkable herd of twenty-five rare specimens of Asiatic and African origin in venturing their traveling commitments, walk down a heavy gang plank that inclines from the car door down to the ground. The car doors are ten feet high, which, of course, makes the big elephants stoop to get through, as they step out upon the descending plank. The two mammoths are so tall and so wide, however, that they cannot get out of the car door until the gang plank is taken away. They, therefore, calmly wait until all of their traveling mates have "walked the plank," and are grounded together awaiting the coming of their leaders. Then it is that the two monsters get in motion, and prove that they know a thing or two about the solution of mathematical problems. They drop to their knees, and wriggling their great bodies forward, slowly manage to get their front feet out of the car.

The floor of the car is about five feet above the level of the roadway, but this does not keep them from reaching the solid foundation of the earth without mishap or trying delay. Once their fore feet are on the ground they draw their bodies forward, allowing their hind legs to drag along the car floor. In this way they are soon able to get one hind foot out and then the rest is easy. They act as if they took more or less pride in this feat, and as soon as it is achieved, they begin to trumpet and wave their trunks with an energy that bespeaks deep seated satisfaction. The waiting group of elephants greet this signal of their leaders with an effective display of their own and begin to amble in a circle with the hurried gait that makes their ring performance both astonishing and pleasing.

THE OPENING OF SCHOOL

Supt. McLane Looks for Normal Attendance.

Usual Program for Opening Day Will Be Followed—Teachers' Meetings.

"Somehow, I don't expect anything unusual in the way of attendance," said City Superintendent of Schools C. L. McLane yesterday in speaking of the opening of school today. Quite a number of Russian families have left Fresno in sugar boats at China. That sort of labor seems to have particular attraction for those people. I notice the emigration of these families because they take out withdrawal cards for the children attending school. As against this, however, there has been quite an unusual number of applications from outside pupils. I expect a normal attendance on opening day, or a little better."

The opening enrollment will be taken on the second day. After the fruit season the attendance always increases. The usual opening day program will be followed. The classes will be called at 9 o'clock this morning, and the forenoon will be devoted to assigning lessons and books and in drills to familiarize the pupils with the routine of the class room. Classes will be dismissed for the day at noon and the children will have the afternoon to purchase their books and supplies.

At 3 o'clock this afternoon there will be a general teachers' meeting in the Washington Grammar school, at which the work for the year will be discussed. At the close of this meeting, grade meetings will be held, and the teachers of the different grades will organize according to their grades. These grade meetings are held monthly and the work is discussed from a pedagogical standpoint. As a result of these meetings suggestions are often made to the superintendent. As the State Teachers' association will meet in Fresno this year, an important impetus will be given to this work.

WHY NOT START MINCE MEAT FACTORY?

Fresno Produces in Abundance Nearly All the Ingredients of the Confection.

Editor Republican.—Grape sugar is as nutritious as cane sugar, and is as digestible in large as in small quantities. The same argument might be used to exploit the sale of grape sugar candies and raisin paste. In fact, if one tenth the energy had been expended in exploiting our grape products that has been used in touting toasted bread-crumbs, we could not plant vineyards enough to supply the demand. Some day it will be done.—Extract from Republican editorial.

And why not start a mince meat factory? We have got the fat beef, the raisins, apples, brandy and port wine and the whole United States for a market. All we need is a clean building, healthy and neat employees to handle the material, a manager who is opposed to the use of any poor ingredients and who will put up the finished product in an attractive package to be placed on the market at a reasonable price and leaving a fair profit for the capital invested. Just think of all the hotels, restaurants, wholesale grocery houses, etc., that would buy, if a really superior article was offered to them. READER.

Fresno, September 10, 1906.

Enjoyable Evening Spent.

A most enjoyable evening was spent at the home of Mrs. M. E. Eisele at 2715 Fresno street, Wednesday evening, when her daughters entertained in honor of their guest, Miss Elsie Roessler, of Scandinavian Colony. Miss Roessler is an accomplished musician, and she and many of the young ladies gave excellent musical selections. The guests were delightfully entertained with games and music in the parlor, which had been beautifully decorated for the occasion, with flowers and ferns. At a late hour refreshments were served by Mrs. Eisele, who was kindly assisted by Mrs. M. Lauer and Mrs. Ed. Lisset. Those who partook of the pleasures of the evening were Misses Elsie Roessler, Juanita Blade, Christina Kerner, Florence Bach, Ruth Shaw, May Turner, Amy Turner, Emma, Minnie and Freda Eisele; Messrs. George Pickford, A. E. Chapin, E. Kellogg, J. York, Martin Lauer, W. Turner, Joe Truxaw and Allan Johnson.

YOUR HAT

May Be a Stylish One, But It Makes Trouble.

A man usually buys a hat that's "in style," but the modern hat for men has lots to answer for. Bald heads are growing more numerous every day. Hats make excellent breeding places for the parasitic germs which sap the life from the roots of the hair.

When your hair begins to fall out and your scalp is full of dandruff it is a sure sign that these countless germs are busily at work. There is but one way to overcome the trouble and kill the germs—that way is to apply Newbro's Herpicide to the scalp—it will kill the germs and healthy hair is sure to result.

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. Geo. H. Monroe, Special Agent.

A DAYLIGHT TRIP.

Through San Joaquin Valley in Parlor Cars.

Travelers on the Southern Pacific may now see the great San Joaquin valley by daylight while riding through it in comfortable parlor cars. These new and nicely furnished cars are carried on train No. 84, the Bakersfield Passenger, which leaves San Francisco daily at 8:30 a. m., arriving at Bakersfield 6:05 p. m., and on train 83, leaving Bakersfield 7:30 a. m., and arriving at San Francisco 4:50 p. m. These cars have large windows and easy cushions, and the daylight trip enables the traveler to see all the great valley.

USE SOLDIERS.

There ought to be a law against using private armed guards for any purpose whatever. Last night's riot in San Francisco, in which the guards lost their heads, fired recklessly, shot several people and put themselves into jail, illustrates the point. In the present temper of San Francisco, these guards can probably be convicted of anything with which they may be charged, whether there is any evidence against them or not, while the rioters who threw bricks at them would be acquitted, no matter what the evidence. But that is not the point. The 2500 strike-breakers, marching to the ferry to leave town, had a right to be protected by somebody. Surely the least that can be granted to a person whose presence is not desired in a town is the privilege of leaving it. And they should have been guarded by men with guns. Policemen's clubs are not a sufficient defense against brick-throwing mobs. Their range is too short. The right of any person to walk the street does not depend on the pleasure of the other persons on the street. It is a right to be protected, by force if need be, against even the will of the majority. And it is going to be protected. Men who can not walk through the streets without being assailed with bricks are going to protect themselves, with other bricks at least, and with guns if they can get them. The public can only choose whether it will protect them, or leave them to protect themselves. The other alternative, that they should be unprotected, is out of the question. And the proper should by all means be public. If a right can not be protected without guns, and is going to be protected with guns, anyway, the men to carry those guns are soldiers. Then the right will be protected, the peace will be preserved, and there will be no shooting. With the same guns in the hands of irresponsible private guards, the right may indeed be protected; but the peace will be broken and there is likely to be wanton and reckless shooting. With the guns in nobody's hands, there will be unrestrained mob anarchy, which is even worse than the recklessness of private guards.

San Francisco has learned that the presence of soldiers means peace without shooting. During the reign of terror following the earthquake, there were constant rumors of reckless shooting by the soldiers. All have turned out false. With a proclamation on every wall authorizing the soldiers to shoot, the soldiers did not shoot. Just four men were shot, during the whole time and only two of these by soldiers. Not a shot was fired by any regular army soldier, nor by any militia soldier while in ranks under command of an officer. Twenty times as many shots were fired last night, by frightened private guards, in clearing a way to the ferries, as were fired by the whole army in San Francisco, during the most terrible and chaotic disaster in history. And yet the presence of those soldiers, with loaded guns and authority to use them, was the one thing that saved San Francisco from anarchy. The same sort of a show, or a small part of it, on the part of disciplined soldiers, would have got those strike-breakers to the ferry in peace, without firing a shot, and probably without even exciting a mob. And adequate armed protection, on the part of the government, would have been the only way to prevent the mounted men from exercising the dangerous right of providing their own protection.

"The scab ought to have been mobbed, anyway," did you say? That is not an opinion to be argued with. The only argument in its favor is a bribe, and the only answer to it is a gun.

THE MAINE ELECTION.

Whisky and mob violence did not quite secure the enforcement of the people of Maine as against temperance and law and order, but they cut down the majority enough to amount practically to a moral (or immoral) victory. On a square issue of continuing the prohibition law, the Republican candidate who favored prohibition and in whose behalf prayers were offered up in the churches, barely escaped defeat at the hands of the Democratic candidate, who stood as squarely for resumption and repeal of the law. Evidently whisky has more votes than prayers, in Maine. And on the square issue of holding striking laborers to the same responsibility as other people for any crimes they may commit, Congressman Littlefield, who stood on the side of law and order and the equal protection of the laws had his normal majority of nearly 6000 reduced to a bare 1000. Evidently there are people in Maine who regard the right to commit crime, during a strike, as more important than the prosperity of the industries by which they live, between strikes.

Of course, if the majority of the people want whisky, that is their right. If prohibition does not prohibit, in Maine, or if it does prohibit, and the people do not like it, they have the right to open the saloons, and to drink in them so long as they stay sober. If any of them get drunk, their rights as free citizens are suspended during a brief sentence in jail, and then resumed. But even if the people want certain of Gompers' laws, they have not the right to get them. If the majority of the people want to confiscate the

property or assault the persons of the minority, they have not the right to do it. If the majority of the people desire to deprive the minority of the equal protection of the laws, the constitution of the United States says they shall not do it. It is largely to protect the rights of minorities that free constitutions are ordained and supreme courts set to guard them. Some of Gompers' proposed laws squarely violate the constitution of the United States and the principle of equal rights on which it is based. They are laws which the courts would not enforce, nor permit anybody to enforce, even if the people should vote for them. But in the second district of Maine the people came within a small margin of voting for them. Queer result, isn't it?

VIOLATION OF LAW REVEALED BY ANTS

Last Friday Wells-Fargo received a box from Coalinga addressed to Paul Chopard of 443 J street, coming from Mrs. A. Urrutia and marked "Shoes, value \$6." H. A. Armitage, the express agent, noticed nothing wrong with the box until a colony of ants began to proceed back and forth from a small crack in the cover. On opening the box he found eleven quail, dressed and ready for the griddle. All had their heads cut off but one, and this gave full proof as to the kind of birds they were. Mr. Armitage notified Dan Dismukes, who confiscated the box, only to consign it to the ash barrel, as the birds were unfit for cooking. The bird with the tell-tale head he kept for evidence and before Justice Smith swore out a warrant for violation of the game laws. Constable Atkinson of Coalinga was notified and arrested Urrutia. Mrs. Urrutia had nothing to do with the shipment, having been away for over a month. Three are involved in the case, and arrests will follow. Chopard, to whom the box was sent, was not arrested, as no evidence could be brought implicating him. He is a brother-in-law of Urrutia.

PERSONAL MENTION.

Burton Boyle of Hanford is at the Hughes.
P. Ferguson of Merced is stopping at the Hughes.
Al Griffin of Oakland, formerly of Fresno, is at the Sequoia.
O. M. Luttrell and wife of Madera are guests at the Sequoia.
Miss Tala Stone and father of Harvard, Nebraska, are registered at the Hughes.
W. T. Porter, formerly of Fresno, but now of Oakland, was a week-end business visitor.
Miss E. H. Harrington of Stockton is the guest of Mr. and Mrs. J. H. Lane and Mrs. Olivia England.
George W. Birmingham, superintendent of the Hume-Tennett Lumber company mill at Converse Basin, is at the Grand Central.
Mrs. S. H. Dubig and daughter Georgia and Miss Marguerite Thompson are down from Stover, where they spent ten days.
D. E. Lewis of Madera, accompanied by his daughter, Mrs. M. E. Jones, her son Dave and family, left yesterday for Dyersburg, Tenn. on a visit.
Mrs. Edward Hoen and sister, Miss Tula Cassell, left yesterday for a two months' Eastern trip. At St. Louis they will visit Mrs. Emory Wilson. Mrs. Hoen's daughter.
Late arrivals at the Grand Central last night were J. A. Reiners, Dunlap; E. P. Bishop, Coalinga; George Wallen, Selma; K. Barrett, Porterville, and G. E. Rice, J. J. Spitzer and T. J. Zerkind of Madera.
Revs. Francis Fisher of Woodbridge, R. M. Zuck of Riverside and William Thompson of Gridley, all of the United Brethren denomination, visited the Chamber of Commerce yesterday on their return from the Resley conference.

DIED.
LARSEN—In Fresno, No. 154 J street, September 11, 1906, Mrs. L. M. Larsen, a native of California, aged 25 years.
Funeral notice later.

PRICES CURRENT

NEW YORK: The market for evaporated apples continues to show the usual uncertainty at this season of the year when the crop supplies are practically cleaned up and the new crop is not under an assurance basis. Such old crop supplies as are available command from 10 to 11c. New crop apples in crates 10 1/2 to 11c.
Prices are unchanged on spot, with quotations ranging from 7 1/2 to 8 1/2, according to grade.
Apples are firm and unchanged, with choice quoted at 10; extra choice 11, and fancy at 12 to 13.
Peaches also are unchanged with choice quoted at 10 1/2 to 11; extra choice at 11 1/2 to 12; fancy 11 1/2 to 12 and extra fancy at 12 to 13.
Raisins are steady on spot with loose Muscatesles quoted at 13 1/2 to 14; seeded raisins 6 to 8 and London layers, nominal.
CHICAGO: Early in the day the wheat market was depressed because of the large northwest movement, but rallied and heavier shipments from Russia. Later, however, it was announced that the Russian spring wheat crop was 29 per cent less than the crop last year, and this put some backbone into the market. Trade slackened considerably during the last part of the session and the close was barely steady. December opened at 71 1/2 to 72, sold between 71 1/2 to 72 and 71 1/2 to 72, and closed at 71 1/2, down 1/4 to 71 1/2.
The corn market was easier at the opening, chiefly because of a large local and primary receipts, prices being off 1/2 to 3/4. Offerings became scarce on the decline and prices recovered somewhat, in fear of possible frost in Nebraska leading the advance. December closed at 41 1/2.
Oats were firm all day. December closed at 31 1/2.
Provisions were easier today. January pork closed 7 1/2 lower, lard was 10c lower and ribs were down 17 1/2.
NEW YORK: Sugar—Raw, fair, fair refining 3 1/2 to 3 3/4; centrifugal 40 test 4 molasses sugar 3 1/2 to 3 3/4; refined steady; crushed 8 1/2 to 9; powdered 8 1/2; granulated 8 1/2 to 9.
ST. LOUIS, Sept. 10.—Wool, steady; territory and Western medium 22 to 27; fine medium 18 to 22; fine 14 to 19.

Making Way For New Fall Goods!
Garment Prices Take a Terrific Tumble

Nothing stands on the order of its going now, but must go at once!
We're determined to rid the stock of all summer left overs now, no matter how great a sacrifice in price we are compelled to make—the main object of this early September sale is to make way for new fall goods that are coming in every day, so prices are down to rock-bottom now.
Ladies' garments of fine qualities were never before sold at such little figures, and as lines are mostly all broken as to run of colors and sizes, it behooves you to be among the early comers this morning if you want choicest picking.
Note how the prices have dropped:

Big Snap for Silk Suit Buyers

Pay \$7.50 for silk suits worth \$15, \$17.50, \$20, \$22.50.
Your choice of any of these silk suits in plain and shepherd checks, in fact all our spring suits up to \$22.50 are included in this offer. You know that a dressmaker wants more for making a suit than we ask for the garment made up.
Silk suits can be worn up to November in our climate, so those in need of a suit for immediate use will find this a big bargain.

Great Reductions On Wash Suits

If you were to purchase the goods by the yard at the domestic counter you would pay considerable more than we are asking for the entire suits including the cost of making.
For instance we have four wash suits of heavy quality linen and cotton fabric, nice full skirt, waist is trimmed with pearl buttons. The cost of making is more than we ask for the entire suit.
They were priced at \$7.95; we offer the remaining lot at \$2.98.
Five Linene Wash Suits that have a pretty waist with embroidered chrysanthemum designed on-waist and skirts. These were priced originally at \$4.68; now for \$1.98.

Silk Shirt Waist Suits, \$5

Values Up to \$20
Five silk shirt waist suits. Were priced up to \$20.00. Colors green, blue, a few changeable effects. Now offered at \$5.00.
\$10 Skirts, \$1.98
Novelty accordion pleated skirts with shirred tops, white and colors only. Only a few left. Were priced up to \$10.00. Now at \$1.98.
\$10 and \$15 Skirts, \$7.35
Eight novelty white skirts, serges and mohairs. Were priced \$10, \$12.50 and \$15. We offer them now at \$7.35.

White Indian Head Skirts

Were \$1.68, \$1.98 and \$2.18.
Choice for 98c.
Wash Skirts, 68c
\$1.18 and \$1.38 wash skirts now offered at 68c. These are all white, some plain gored styles, low with embroidery insertions.
Silk Underskirts, \$5
Six novelty silk underskirts. Price were \$10, \$12 and \$15. Now we offer them for \$5.00.

More Wash Suit Bargains

Four wash suits in check percales, 1-4 inch, narrow hair line, checks in blue on white ground. Waists are pleated with a gored circular skirt. Original price \$4.50; now \$1.98.
Six figured lawn dresses, blue and lavender, allover embroidered pattern, cape of Battenburg lace, sleeve trimmed. These were marked \$8.25. We offer the remaining six at \$2.95 each.
About 20 odd suits of linen and Indian head all at one price. There are suits in the lot made to sell up to \$15.00. Any of these now at \$2.95.

\$3.50 and \$5 India Silk Waists \$1.98

We have about two dozen different style India silk waists; they are mostly box pleated and tailored styles. The silk used in most of these waists is the very heavy quality that retails at one dollar a yard, so you can judge how low we've priced them.

Children's Gingham Dresses

Pretty patterns, all washable, were \$1.25, \$1.50, \$1.75; choice 98c.
Children's 75c and \$1.00 dresses now offered at 45c.

Big Bargains in White Lawn Waists

We have about 15 dozen assorted styles in summer waists. These we offer much under cost to clean our shelves for fall styles now arriving.
Any waist that sold up to \$1.00 for 39c.
Any waist that sold up to \$2.00 for 68c.
Any waist that sold up to \$3.00 for 98c.

Skirts at a Sacrifice

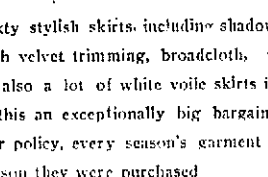

Choice of 39c silk petticoats, few odd colors; closing these out at 19c; only about ten in the lot.

Silk Petticoats \$1.90

Choice of 39c silk petticoats, few odd colors; closing these out at 19c; only about ten in the lot.

Wrappers at Little Prices

Choice of our \$1.50 corsette wrappers for 98c.
Ladies' summer wrappers in a variety of patterns, any that are left, for 48c.
75c, \$1.00 and \$1.25 kimono in neat designs, now your choice for 55c.

Colored Wash Skirts

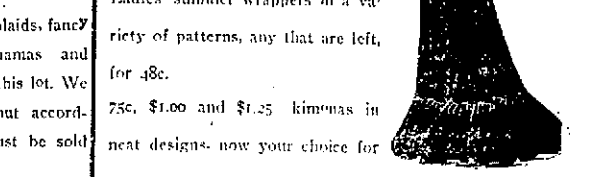

About two dozen left, serviceable for early fall wear, at \$1.38.
About three dozen one of a kind wash skirts in colors, white with black dots, linen color and black and white duck; were up to \$1.00 each; choice for 50c.

Silk Petticoats \$1.90

Choice of 39c silk petticoats, few odd colors; closing these out at 19c; only about ten in the lot.

Wrappers at Little Prices

Choice of our \$1.50 corsette wrappers for 98c.
Ladies' summer wrappers in a variety of patterns, any that are left, for 48c.
75c, \$1.00 and \$1.25 kimono in neat designs, now your choice for 55c.

A SEMI-LIQUID MOUNTAIN BREAKS

Many Lives Lost Through Avalanche of Mud that Swept Into Valley.

TIFLES, Sept. 10.—Practically without warning the side of a mountain rising above the township of Kwari broke away and a sea of semi-liquid sand, stones and mud swept down the township and overwhelmed and obliterated it. Some 255 persons have been buried alive. Fifty-five bodies already have been recovered from the mire, which is six feet deep. In addition to the lives lost, countless head of cattle perished and the crops were destroyed.
Kwari township occupies an area of five kilometers of the district of Tefaw, in the Caucasus. Similar disasters are common occurrences in Caucasian valleys.

PRESIDENT'S VISITORS.

OYSTER BAY, Sept. 10.—Governor Hughes and Paul Morton, president of the Equitable Life Assurance Society, called on the president today. Secretary Loeb said there was no connection between the two visits.

ATTEMPTED TO BRIBE.

PHILADELPHIA, Sept. 10.—Three men have been arrested for attempting to bribe an immigration inspector in connection with the case of an American woman who recently arrived here suffering from trachoma.

GOLD IMPORTATION.

NEW YORK, Sept. 10.—Kuhn, Loeb & Co. today announced that they had engaged \$2,000,000 in gold eagles in London for import. Under the order of Secretary Shaw, a national bank act, for Kuhn, Loeb & Co. may draw on the United States treasury for \$2,500,000 pending the arrival of the gold in this country.

YACHT VIM WINS ROOSEVELT CUP

MARBLEHEAD, Mass., Sept. 10.—The Roosevelt cup, presented by the Eastern Yacht club to inaugurate yachting contests between Germany and America, was won today by the American yacht Vim, owned by Commodore T. L. Park, of the American Yacht club of New York. By taking today's race, the Vim scored her third victory, which gave her owner, the cup, as well as the honor of showing that his yacht was the best all-around craft of the six that started to race in the series begun a week ago today.

FRESNO AGRICULTURAL WORKS

NO ACTION TAKEN BY COMMITTEE

Decision as to Cornices for New Federal Building Again Postponed.

The meeting held last evening in the Chamber of Commerce by the combined executive and state and federal relations committees to decide the question of cornices for the new federal building adjourned without taking action.

The question to be decided was whether stone or terra cotta should be the material used. Mr. Maxwell, the contractor, explained at the special meeting held last Tuesday the advantages of stone. There is \$8000 surplus over and above the cost of the building as it is now planned and this would be used towards the extra expense of stone were used. On account of the destruction of the San Francisco terra cotta house and the great number of orders the Los Angeles house has to fill, a delay of several months would be caused waiting for terra cotta, while if stone were ordered it could be shipped at once from Indiana and be here by the time the building was ready for it.

Mr. Maxwell's object is to avoid delay—delay costs money and he is willing to make his bid \$1000 loss, for stone, than it was in his first report. As the state and federal relations committee were absent at Santa Cruz at the last meeting and had not had time to look the matter up since re-

turning, Mr. Gundelfinger moved that Mr. Day get such information as necessary and report to the committee at the next meeting to be held Wednesday at 4 o'clock at the Bank of California.

ELLEFORDS RETURN TO THE BARTON

Popular Company Will Open the Season With Week of Repertoire.

W. J. Elleford, the dean of coast managers, is having his usual run of luck this season. He has just closed a sixteen-week engagement at the McDonough theater, Oakland, where he has broken all records for attendance in the Bay City. He opens the season at the Barton with all of the favorites of the Oakland engagement, and a repertoire of plays selected from a list of sixteen world successes, the cream of the stock season. The company contains several of last season's people, and several new faces. The opening bill is the great laugh-maker, "A Royal Reception," or "The King's Fool," with the full strength of the company, and furnishing three hours of unstrained merriment. Tuesday will witness a melodramatic success, that was a hit over the East last year, "For Her Children's Sake," written by Theodore Kremer, the author of the success, "The Fatal Wedding." Wednesday's offering is the play that first brought the well known dramatist, Bronson Howard, to the front, written and produced by Robertson and Crane in their joint starring tours for several years. The bill for Thursday is a dramatization of the well known novel, "The Hidden Hand," and is entitled "My Tombey Girl." Friday night and Saturday matinee will witness a production of "The American Girl," featuring the clever Osborn children. The work will close on Saturday night with Oliver Donnell's comedy melodrama, "The Plunger." A feature this year that will please is the vaudeville between act-making a continuous performance. The Osborn children head the list of vaudeville features and are a juvenile team of more than usual excellence. The prices are 10, 20 and 30 cents. The sale of seats opens at the box office on Thursday.

Renovating the Barton.

The Barton opera house is undergoing its annual house cleaning. Patterson & Dick have the contract to embellish the building and work has already been commenced. Not only will the interior be repainted, but also the exterior from sidewalk to roof. Mr. Barton also announces the refitting of the Army hall. Before the dance season opens a pressed steel ceiling will be put in place, such as was put in the theater three years ago. The total expense of refitting the building will aggregate \$1000.

BORN.

PRITCHARD—In Fresno, September 10, 1906, to the wife of T. C. Pritchard, a daughter.

THE FRESNO MORNING REPUBLICAN

WEATHER

SAN FRANCISCO, Sept. 20.—Forecast: San Joaquin valley—Fair Tuesday; light north wind.

Temperature, dry bulb... 84
Temperature, wet bulb... 63
Humidity... 63
Direction of wind, N. W... 5 miles
Maximum Temperature... 80
Minimum Temperature... 57
Fair Tuesday.

High barometric pressure dominates the greater portion of the eastern half of the country. The weather is cloudy along the Appalachian region and it is raining over Eastern Tennessee. Light rain has fallen over the West Gulf coast, Georgia and the eastern portion of the Ohio valley. A trough of low pressure extends from the Gulf of California northward to the upper lake region, causing light rains over the north Rocky mountain districts. Cloudy weather prevails over a large portion of this area. An area of high pressure is central over Puget Sound, causing cool weather over the Pacific slope and intermountain region, and light frost at Baker City. The weather is generally chilly along the coast and clear in the interior valleys, with favorable conditions for continued fair weather at Fresno and vicinity tonight and Tuesday. J. P. BOLTON, Official in Charge.

LOCAL BREVITIES.

Get Hollands' prices on Bluestone for tree spraying. Dr. Hines has returned. Hammond—Wants fig packers. Tally tags at the Republican. Dr. Aten, Dentist, Forsyth Bldg. A. Jeffs, eye specialist, 1034 I. For Rent—Fine warehouse. Inquire C. H. Emmons. Tally tags for fruit pickers at the Republican Job Dept. Trays, paper trays. MADARY'S PLANING MILL.

Wanted—Girls and women to pack figs. Roeding Packing Co., Fresno. Hughes Hotel, Regular dinner, 75 cents, served in American plan dining room.

Order ice cream from Benham's. Three wagons going all day Sunday. Main 574: \$1 per gallon for the best. Joe House, through Knight and Ewing Co., has traded his \$30,000 brick apartment house for bay property and will reside there in the future.

The forest supervisors' convention will be held at North Fork on October 3d to 6th. James B. Adams of the forest service at Washington will preside.

Have you ever been down in the Sequoia National Park? 20 cents commercial lunch. Every Friday evening from 9-12, music and Bohemian night. Temperature never over 75 deg.

The regular monthly meeting of the Young People's Local City Union will be held this evening at 8 o'clock in St. Paul's M. E. church. The election of officers for the ensuing year will take place at this meeting. Wm. A. Piper, Sec'y.

The Ladies' Aid society of the Christian church will hold a rummage sale about the middle of October. The following-named ladies if pleased to will call for donations: Mrs. A. C. McKeever, Mrs. C. J. Craycroft, Mrs. L. O. Stephens and Mrs. Frank Behorn.

The members and friends of Bethel A. M. E. church last night entertained Rev. A. O. D. Steele, former pastor of the church, at the home of Mr. and Mrs. E. T. Metchem, No. 40 Kearney avenue. Rev. Steele has been assigned to Pasadena and last night's affair was in the form of a farewell.

PERSONAL MENTION.

E. G. Chaddock is up from Los Angeles on business. E. Gutschalk went to San Francisco yesterday for a few days. Mr. and Mrs. W. M. Zimmerman are at the Hughes from Coalinga.

Mrs. H. C. Daulton is visiting her daughter, Mrs. C. Saxe, of No. 1121 U street.

Mr. and Mrs. B. M. Baird and daughter of Academy have returned from an outing at the coast.

Dr. A. H. Sweeney, wife and baby have returned from a week's trip to Santa Cruz and Capitola.

Mrs. Carl Smith is home after a two months' visit with her parents in Hastings, Neb.

Philip Bush, consulting engineer for the Cammers' company, is at the Hughes.

George Oschawine, the San Francisco acting manager, is in town looking after his vineyard interests.

George and Ewart Saunders, sons of W. E. G. Saunders, have left for Toronto to resume their schooling.

Mrs. Lou Harpster, who underwent an operation at the Burnett sanatorium, is reported as getting along nicely.

Rev. J. M. Gillespie and wife left last night on the Owl for Los Angeles to attend the synod of the United Presbyterian church, which meets there today.

George W. Murray, an attorney of Porterville, spent yesterday in town.

Mr. and Mrs. L. W. Shipley are visitors from Kenton, Ohio, who are staying at the Sequoia.

Congressman J. C. Needham has returned to his home in Modesto after attending the Republican state convention in Santa Cruz and the Republican county convention in Monterey Saturday.

W. V. Johnson, the brick contractor, returned yesterday from Los Banos, where he had several large contracts for restoring buildings demolished by earthquake. He rebuilt the hotel, opera house and several stores, and built a new bank.

Edna Monday on the Owl from Los Angeles and Calumna, where they have been spending the past month. Mrs. Hawson remained in Fresno, but Mr. Hawson continued on to Sacramento, where he is attending the Democratic State convention.

Barton W. Currie, correspondent of the New York Evening Post, and also representing the New York World and the Boston Advertiser, was in Fresno yesterday gathering material for a special article on the raisin industry. He visited a number of the principal vineyards, in company with C. W. Nitting of the Boston Vineyard company, and will visit other vineyards and the packing houses today.

MORE ENERGY IS NEEDED

Mr. C. R. Fisher Speaks to Sunday School Workers.

Shows that Sunday School Attendance is Not What It Should Be.

The Sunday School Workers' association met yesterday afternoon at the Cumberland Presbyterian church to organize for the winter and to listen to C. R. Fisher, the state secretary.

Mr. Fisher spoke of the great work the primary workers have been doing. "You are the only union north of the Tehachas," he said, "for the many local societies that started up, you of Fresno are the only native one left."

"But there is a great deal of unused energy that is, at the present time, going to waste. First, there is the children. How many children are enrolled in the public schools? Some 4000 or 5000. The Sunday School enrollment is 3200. The churches of Fresno ought to at least keep up with it, not excel it. Look around you. Look around you on a Sunday morning, you'll find more outside the Sunday School than in. Some way we are afraid of getting out and getting up against the work. As I said before the primary work has been good. What we want to do is to make the whole Sunday School the same."

Secondly, the source for church membership is the children. The pastor who is afraid to stop on the street and talk to the children is not doing his work. Look at these figures, 85 per cent of the church's members come from the Sunday School; 95 per cent of the missionaries come from the Sunday School. Does not this show the greatness of the work?

Thirdly, the Sunday School is the best adapted to win and train children for church work. Captain Stodd of the New York police force said that he never had a Sunday School child brought before him for over thirteen years. And in San Francisco records show that 80 per cent of children arrested come from careless and vicious parents and this figure is rapidly multiplying.

"The young people of our churches are not going out and getting people as they ought. This is another waste of energy. Twenty-eight per cent of the church's membership today is under 23 years of age, and there are 6,000,000 in this figure. Over 60 per cent of the church members have been recruited before they were 23 and only 2 per cent afterwards. We must train our young people for church officers, deacons, etc. It is they that must take the work upon their shoulders, and they should be thoroughly trained before so doing. This training comes through the Sunday School."

"The Sunday School is no longer for women and children, but for men. The largest baseball league in the country

Weimar's New Bakery and Restaurant

1013 and 1015 I Street.

Just north of People's Savings Bank. Everything New and First-Class. Prices very reasonable.

RUBEROID ROOFING STANDARD FOR FIFTEEN YEARS

Ruberoid is the pioneer weather-proof, elastic and fire resisting roofing. Different from and superior to all other prepared roofings, in that Ruberoid Compound, a patented combination of high-class water-proof, acid and fire-resisting ingredients is used exclusively in its manufacture and is employed in no other roofing.

The iron or shingles will not last as long as Ruberoid, which is, moreover, much less expensive. Ruberoid obviates the danger of rust, rot and corrosion. Does not require painting when applied. Costs little or nothing to keep in repair. Briefly, it is the most economical roofing made.

No special skill is required in its application. We supply with every roll sufficient nails, tin caps, cement and full directions. Any handy man can do the work.

Donahoo-Emmons & Co.

is composed of 159 men in Chicago. We must enlist men. A Bible class should be organized in every Sunday School for men. The church must back up the school.

"The international association has added an adult department to its list. The Sunday School is for them, just as much as for the children. What is the definition of Sunday School? It is the church staying and teaching the word of God."

"And the women, 15 percent are doing all the work. Just a few do everything. All ought to get in and help. It should be a pleasure to get tired in this work, for it is the greatest of all works—the spreading and teaching of the gospel."

"How then are we going to use our energy? by getting all at work, pastors, church officers and members. Let the young men for new material. Train them up to take the church work upon their shoulders. Train your teachers, right from the Sunday School. Give them a systematic course of Bible study, a study of child nature, and the methods of teaching. Get your children to work. Have them bring in others to their classes, make them little missionaries."

"And how can we best do all this? I answer first by doing away with conventionalism; second, by planning work for everybody; third, by the infusion of school spirit; fourth, and last by better equipment of our Sunday School homes."

A devotional service preceded Mr. Fisher's talk at which Rev. C. M. Queen of the Congregational church preached. Miss Mera Wolfe rendered a pleasing vocal solo, "In the Secret of His Presence."

MARRIED.

ROSE-DUNN—In Fresno, September 10, 1908, Roscoe Conklin Rose to Nettie Beatrice Dunn, the Rev. Duncan Wallace officiating.

KNIGHT-Radekin—In Fresno, September 10, 1908, Wilton Harry Knight to Miss Dotty Radekin, the Rev. Duncan Wallace officiating.

HARRY KNIGHT IS MARRIED.

Wilton Harry Knight, the well known bicycle dealer, was married last night to Miss Dotty Radekin. The ceremony took place at the home of John Wintemute of 2320 Santa Clara avenue, and was performed by the Rev. Duncan Wallace. Relatives and intimate friends were present, and following the ceremony all sat down to a feast. Mr. and Mrs. Knight will live in this city.

HAYS-KENNEDY—In Fresno, No. 1430 L street, September 10, 1908, Fred W. Hays and Miss Della Kennedy, Rev. J. M. Gillespie officiating.

Hays-Kennedy.

Fred W. Hays and Miss Della Kennedy were married last night at the home of the bride's parents, Mr. and Mrs. J. W. Kennedy, at No. 1430 L street. The house was prettily decorated and in the presence of friends and relatives of the couple, Rev. J. M. Gillespie of the United Presbyterian church performed the ceremony. After a wedding supper Mr. and Mrs. Hays left on the Owl for Los Angeles to spend a couple of weeks. Afterward they will return to this city to make their home.

Nervous?
There are many causes of nervousness, but poor blood heads the list. The doctors call it anemia. The blood lacks red corpuscles. At your first opportunity, consult your doctor about taking Ayer's Sarsaparilla. Ask him if he has anything better for weakness, debility, nervousness. If he has, take it. If not, take Ayer's Sarsaparilla. Got well, that's what you are after. We have a secret. We publish the formula of our medicine. Ayer's Sarsaparilla.

COLORADO DEMOCRATS

To Meet in State Convention this Morning.

Judge Lindsey May Be Candidate Against Former Governor Adams.

DENVER, Sept. 10.—The Democratic state convention will meet in this city tomorrow to name a full state ticket, and also nominate candidates for the Supreme court. Former Governor Alva Adams has been endorsed by a number of county conventions for another term as governor and the Patterson wing of the local Democracy has also named him as their choice. County Judge Ben B. Lindsey, who is known nationally as the originator of the juvenile court, recently issued a statement announcing his candidacy for the governorship, but prior to that time had proclaimed his choice of Alva Adams as the man whom the Democrats should select to lead their ticket.

Judge Lindsey has a strong following among the independent voters and also is well supported by a certain element in the Democratic party. He has been urged to permit his name to go before the convention tomorrow, but tonight the report is in circulation that he will not so agree and that Adams' nomination will be unanimous.

However Judge Lindsey's friends insist that he shall allow them to nominate him and to this end they are advocating an endorsement of Adams for the United States Senate to succeed Senator Patterson whose term expires in March, 1907. The Lindsey followers believe that such an endorsement would be more welcome to the former governor than the nomination for governor, and that he would retire from the latter race, leaving a clear field for Lindsey.

Locally, there is a split in the party. Mayor Robert W. Spear leading the faction and United States Senator Thomas M. Patterson heading another. Each faction has chosen a full delegation to the state convention and the contest for seats will be fought bitterly. The Patterson people charge that the Spear faction, which is the regular organization, has lost caste by reason of their alleged subservience to the local corporations, but the Spear people will stand on their claim of being the regularly organized Democracy of the city.

The platform, it is predicted, will deal with the action of the Supreme court in its relation to the Adams-Peabody gubernatorial contest two years ago.

GOVERNOR SMITH ARRIVES AT MANILA

Series of Entertainments Planned in His Honor By Filipinos.

MANILA, Sept. 10.—General James F. Smith, the new governor general of the Philippines, to succeed Governor Ide, arrived here today on the transport Logan. He was warmly welcomed and an elaborate reception was given him in the evening.

Great enthusiasm is being manifested by the Filipinos, who will tender the new governor general a reception tomorrow morning. Commissioner Tavera has charge of the arrangements for the inauguration of General Smith, which has been set for September 20th. Governor General Ide will depart September 22nd on the steamer Hong Kong Maru, and after visiting Japan, he will sail on the Pacific Mail liner Korea.

A series of social and private entertainments have been planned in honor of Governor General Smith. Judge Gilbert also has arrived. The Logan made a record trip across the Pacific.

WEALTHY AMERICAN MARRIED IN SCOTLAND

James Henry Smith Recently Inherited Fifty Millions from an Uncle in Chicago.

INVERNESS, Scotland, Sept. 10.—Banns for the marriage of James Henry Smith of New York, heir of George Smith of Chicago, to Mrs. Rhineland Stewart of Baltimore, were read in the parish church of Alvie, Invernesshire, Mrs. Stewart arrived in England only a few days ago.

NEW YORK, Sept. 10.—James Henry Smith is a bachelor and is one of the wealthiest men in the country. He inherited some years ago an estate valued at upwards of \$50,000,000 from his uncle, George Smith. After the death of William C. Whitney, Mr. Smith purchased the Whitney residence on Fifth avenue and has entertained there on a lavish scale. Mrs. Stewart obtained a divorce recently and it was reported then that she intended to marry Mr. Smith. She is much interested in society, as is Mr. Smith, and Mr. Stewart's interference to social affairs is said to be one of the reasons for the estrangement of the couple. Mrs. Stewart was a Miss Armstrong of Baltimore and is a sister of Mrs. Anthony J. Drexel of Philadelphia.

BYRON HOT SPRINGS.

The great health and pleasure resort of California not disturbed by the recent earthquake. You may still find rest, amusement and regain your health. The hotel is in the world where you can get a hot mineral bath in porcelain tubs without leaving the hotel. If you cannot spend a long period there take advantage of the week end excursion to the Southern Pacific is still selling these excursion tickets at \$11.00, all expenses paid, Friday to Tuesday inclusive, including R. R. fare, two days' board at the hotel, use of mineral water and baths, also hot mud baths, and stage fare to and from station to hotel.

STRANGERS SEEK BOARDING PLACES

Ladies of Y. W. C. A. Will List Boarding Houses for Girl Strangers.

The boarding house question took up most of the Y. W. C. A. meeting yesterday. The association finds itself continually called upon for information as to boarding houses for young women strangers and is often at a loss where to direct them.

Mrs. C. A. Hughes and Mrs. M. L. Woy were delegated as a committee to look into the matter and make out a list of suitable boarding houses to be kept on file.

The vice-president, Mrs. D. D. Allison, who is also chairman of the educational committee, reported the hours for classes in physical training. There will be two classes for business girls in the evening; a ladies' class in the morning; a children's class on Saturday morning; and a high school class in the afternoon.

Some \$200 worth of new apparatus has been given to the "gym" and this will facilitate matters greatly.

It was decided to combine with the Y. M. C. A. in a class of Bible study to teach Sunday School teachers.

The first vespers service will be held next Sunday at 4 o'clock. Several ministers will talk on "Why Study the Bible?" Enrollment for the class will be taken after the service.

Next Monday, Miss Agnes D. Hersey, the new physical instructor and teacher of education, will give some dramatic and humorous selections.

The meeting was attended by fifteen ladies, all enthusiastic in the association's work. Miss Julia Sayre presided.

WAS NOT SATISFIED TO DRINK ICE TEA

Anos Anderson celebrated Anniversary day by getting fearfully and wonderfully drunk. He made the air howl in Chinatown and Policeman Aubrey escorted him to jail.

When he was released, he was a black ball of whisky. Five or six hours in jail had no more effect on Anderson than to accommodate his thirst. He called to Juiler Vegetables through the bars of the lower corridor.

"Here, there, give me a drink out of that bottle."

"It's all gone," said Vegetables.

"Come on, let me have a drink," coaxed Anos, "I bought and paid for that bottle."

"I'll give you a drink of ice tea," replied Vegetables.

A look of disgust came over Anderson's face and he turned away as though giving up hope. But he came back in a minute and said:

"Ice tea! Now that's nice stuff to offer a man, isn't it? Say, please give me just one little drink out of that bottle, won't you?"

But when Vegetables held up an empty flask before his eyes, Anderson took it as conclusive evidence that his whisky was gone and retired gratefully with his thirst unquenched.

FRESNO DELEGATION TO DEMOCRATIC CONVENTION

The Fresno delegates to the Democratic State convention went to Sacramento yesterday and Sunday to attend today's convention.

Fresno county has two candidates, George L. Warlow for appellate judge and W. D. Foote for congress. John F. Farney of Kingsburg is chairman of the delegation. The Fresno delegation consists of the following names: Geo. W. Cartwright, Henry C. Tupper, David S. Ewing, Henry Dawson, H. A. Sprague, L. H. Patterson, W. B. Holland and Jacob Kiebler of Fresno, John F. Farney of Kingsburg, J. H. La Rue of Malaga, P. B. Thornton of West Park, W. B. Shannon and Edwin Goetz of Fowler, W. W. Ayer of Coalinga, J. M. Griffin of Selma, P. H. McDonald of Parlier, W. D. Foote of East Fresno, A. A. Beall of Sanger, James Burnett of Sanger, George W. Beall of Temperance colony, H. I. Collins of Dry Creek and R. E. L. Goode of Clovis.

The Fresno delegation is opposed to endorsing W. G. Langdon, the Independence League nominee, for governor.

M'NIE MAY DIE FROM HIS WOUND

Part of the Bullet Entered the Lung, Causing Internal Hemorrhages.

Levi McNie, who was shot Sunday evening by a Japanese, is in an extremely critical condition at the Burnett sanitarium and it is very questionable if he will not succumb to the wound. The bullet entered directly over the heart and was deflected to the left. Dr. J. L. Maupin, who is attending McNie, stated last night that the bullet was evidently split by striking a rib and part of it entered the left lung. Yesterday McNie suffered all day from internal hemorrhages, and the lung cavity is rapidly filling. The doctor is hoping that a clot will check the flow of blood. Owing to the patient's critical condition no attempt has been made to probe for the bullet.

FRESNO GIRL MARRIES YOUNG FARMER

At the home of the bride's parents on White avenue last night, the Rev. Duncan Wallace joined in matrimony Roseann Conklin Rose of Stockton and Settle Beatrice Dunn of this city. The ceremony was witnessed by a gathering of relatives of the bride and groom. At its conclusion all sat down to a sumptuous repast.

Mr. and Mrs. Rose will make their home near Stockton, where groom owns a prosperous farm. His bride is well known in this city, having graduated last year from the Fresno High school.

That Dreadful Disease Catarrh Can be cured with S. B. Catarrh Cure when all other remedies fail. It cures catarrh of the head, ears, nose, throat, stomach, bowels and bladder and works on the entire system, not the genuine Smith Bros' Drug Store.

"SCOTTY" HAS A BUSY DAY

Starts Off By Breaking His Arm.

Spends Much Money and Gives Away Cash Prizes at Skating Rink.

Walter Scott, the "Death Valley mystery," broke his arm yesterday, cashed a check for \$1000 and exhibited several others that aggregated \$30,000, gave away \$400 in prizes at the skating rink, took a lot of his friends out for an automobile ride, and squandered several hundred dollars over the railroad in an effort to put the brewery and distilleries out of business. All together, it was Scott's busy day, and probably his last one in Fresno, for he stated last night that he was going to leave for Barstow today and from there would go to his desert mine.

The talkative "man of mystery" began his day with an effort at skating. He put on a pair of skates at the Hughes hotel. Scotty always wears high-heeled shoes, and high heels and skates do not go well together. The first movement he essayed he took a tumble and when he was picked up his left arm hung limply by his side with one of the small bones broken. Dr. Long was called and set the injured limb. If it hurt Scotty showed no sign of it. It was his first broken arm and he was as proud of it as he was of these \$10,000 checks which arrived from Chicago yesterday morning and which he flourished ostentatiously. He attempted to get one of the checks cashed at his hotel and at two or three saloons, and when he found that nobody had enough loose change lying around to accommodate him, he almost lost his temper.

"Never saw so many cheap skates," he declared.

Anyway he got another installment of money before noon, presumably from a \$1000 check, and immediately took up the work of painting the town a brilliant crimson where he left off two or three days ago when the supply of ready cash was running low. The broken arm didn't stop him for a minute. It only had the effect of keeping him from trying on the skates at Recreation Park last night.

But the skating enthused him. He declared, and so to make the night interesting to everybody else as well as himself, he offered a prize of \$50 to the most graceful couple on the floor. Judges were selected, and the contest quickly narrowed down between Oscar Thorpe and Miss Stothers, and Arthur J. Hill and Miss Jackson. The judges were unable to decide which of these couples was the most graceful, and Scotty's money was divided equally between them.

Meantime an army of small boys had gathered around the eccentric spendthrift, gazing at him in awe and admiration. To give them a chance at some of his money, he offered a prize of \$10 for the winner of a boy's race. And here was where Scotty grew really enthusiastic. He whinnied and yelled encouragement to the juvenile racers, and when the final heat was on and the contest had narrowed down to two, he spurred them both on to such efforts that they went over the line on a dead heat. This prize, too, was equally divided, the winners being Bobby Valdez and Sammy Markeland.

This ended Scotty at the rink, but until a late hour, and that means when the city ordinance required the saloons to close, two small boys, each fingered a shining \$5 piece, were on the miner's trail, stealing an occasional piece at him through the swinging doors.

Scotty stated last night that he had had the time of his life, and that Fresno is his greatest place on earth. However, as he has had "the time of his life" all the way from Broadway, New York, to Barstow, Fresno as no cause to swell up. Today, if Scotty's statement of last night is to be believed, he gets more steam, he declared, which translated evidently signifies that Scotty is going after more of the rich ore which he claims he has in the heart of the desert and which furnishes the finances for his wild orgies from one end of the country to the other. Unless he changes his plans today, he will take into Death Valley with him Jack Horn, the actor, who is an old-time friend, and Sam Evans, the well-known newspaper man.

MINISTERS LISTEN TO JOHN FECHTER, JR.

Y. M. C. A. Secretary Tells of Plans for Coming Season.

At the meeting of the ministers' union yesterday, John Fechter Jr., secretary of the Y. M. C. A., spoke of the great need in Fresno of a practical education for young men.

"The need of a practical education is a great one," said Mr. Fechter. "The young men of Fresno should be taught to earn their own living."

"This association is endeavoring to fill this want and show the young men that they may by earnest application become proficient in some paying profession. Night schools in bookkeeping, penmanship, drawing of all kinds, arithmetic, and English will be established. Prof. Buchanan will have charge of the drawing and the other instructors are now being selected."

"The musical clubs will be a special feature this year, as well as a camera and literary club which are to be organized. The social side will be kept up as usual, several banquets and special evenings being arranged for during the winter. The dormitory rooms are already filling up and are greatly appreciated by the young men. A Bible class of twenty to thirty members is already under way. These will meet Sunday afternoons in co-operation with the Y. W. C. A."

In the "gym" J. H. Fee, physical instructor, has arranged two evening classes for young men, and a class from 5 to 6 o'clock on three evenings a week for professional men. There will also be classes for boys 12 to 14 and for those older. New apparatus is expected and a bright outlook is expected in "gym" work.

Mr. Fechter asked for the co-operation of the ministers in this work.

NOVELTY REOPENS WITH STRONG BILL

Fontinelli, the Human Automaton, Mystifies Two Big Audiences.

The Novelty theater reopened its doors last night and played to two big audiences, presenting one of the strongest vaudeville bills that Fresno has seen in many a day. The bill is full of features. "In fact, so much is given that beginning tonight the first performance will commence promptly at 8 o'clock, permitting the second show to begin promptly at 9:15, so that those who cannot attend the second show will not be kept till an unusually late hour."

The feature of the show is Fontinelli, the most marvelous piece of mechanism ever devised by man. Imitations of this act have been presented here before, but none in the same class as this of Fontinelli. What is it is the question asked by everybody who saw the human automaton last night. O'Brien and West present a splendid act of singing, talking and dancing. They scored a great hit last night and were repeatedly encored.

Hutchinson and Lush open the show a singing act. Hutchinson's rendition of George Cohans' song, "Life's a Very Funny Proposition After All," being particularly good. A clever little dramatic sketch is presented by Romain and Fitch, both of whom are actors of ability.

Ruddy Leon, the popular singer, is rendering "When the Flowers Bloom in the Springtime," a selection new to Fresno, beautifully illustrated and setting well Mr. Leon's voice. The two reels of moving pictures are both of the comic order. They portray the adventures of "Willie, the Snapshot Fiend," and "Jones Looking for Smith."

Most of the country schools began their full session yesterday. A few observed Admission Day and will not open until today, while a few will not open until later. The Washington colony school will remain closed till late, as usual, opening the first Monday in October. The Mercer district has already opened, classes beginning August 27th, as well as the Riverdale school, which opened a week later.

COLLIERS RESUME OPERATIONS. MAHARJOY CITY, Pa., Sept. 10.—After being idle since September 1st, the thirty-nine colliers of the Philadelphia & Reading coal and iron company in the Schuylkill field, employing 30,000 men and boys, resumed operations today.

Roosevelt's Hard Sense

"In speaking to you, men of the greatest city of the West, men of the State which gave to the country Lincoln and Grant, men who pre-eminently and distinctly embody all that is most American in the American character, I wish to preach not the doctrine of ignoble ease, but the doctrine of the strenuous life—the life of toil and effort, of labor and strife; to preach that highest form of success which comes not to the man who desires mere easy peace, but to the man who does not shrink from danger, from hardship, or from bitter toil, and who, out of these wins the splendid ultimate triumph."

—Speech at Chicago.

Those who knew how the weak boy, Roosevelt, stripped himself of the things which made him weak, and, by application, made himself the magnificent man of today, can appreciate what can be accomplished by resolute determination to be and to do. This gives the opportunity to say here that any boy or man who finds himself held back with hands tied (metaphorically) by some unnatural habit, say for instance Coffee drinking, and finds the physical body working badly, liver and nerves disordered and unfit for that life of keen effort which Roosevelt speaks of and which leads up to success, can use his common sense, cut out the enemy and strip off the load that holds him back. Try leaving off Coffee. Use Postum Food Coffee and get the double value, i. e., a release from the drug habit and the strong natural stimulus of the rebuilding food elements presented in Postum.

FOR SALE—Ruin trays, second-hand, in lots to suit purchaser. Apply Forsyth vineyard, Telephone Main 1350.

Seen From the Sunny Side of Life

SHOULD BE CONSISTENT.

Mr. Jealous (her fiancé): "I really believe that you permit other men to kiss you."
Miss Dashing: "Surely you don't object. You've always declared you were opposed to monopolies."

VERY SPEEDY.

Eleonor—Why do you say he loves a fast life?
Fred—He's an enthusiastic automobilist.

ONE WAY TO KEEP THEM.
Mrs. Fuss—I haven't kept my last hired girl a month.
Mrs. Flip—Dear me! Do you keep her locked up?

A LONG FELT WANT.
Jones—Brainin has just patented an invention that is destined to make a fortune.
Brown—So? What is it?
Jones—An ink bottle that sounds an alarm at the approach of a mudslide brush.

THE REASON WHY.

Jack—It's no use. Your father won't listen to me, and yet you assured me that he wanted to get you off his hands.
Helen—Perhaps that's why he won't listen to you.

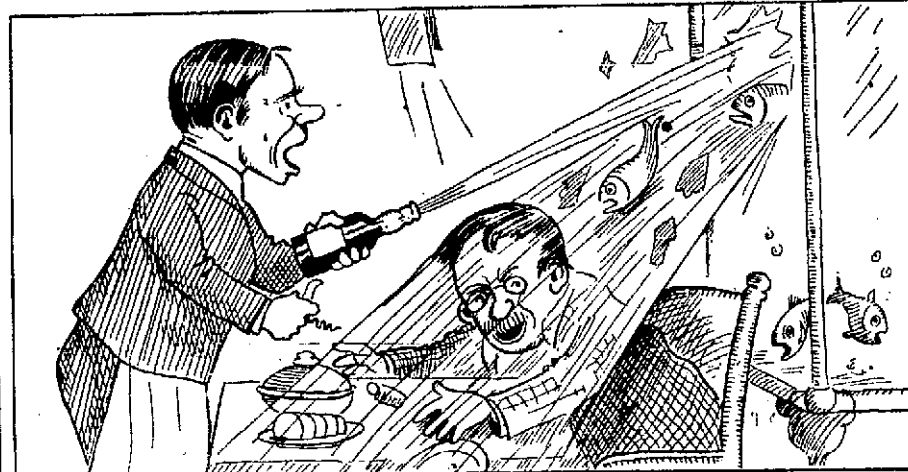

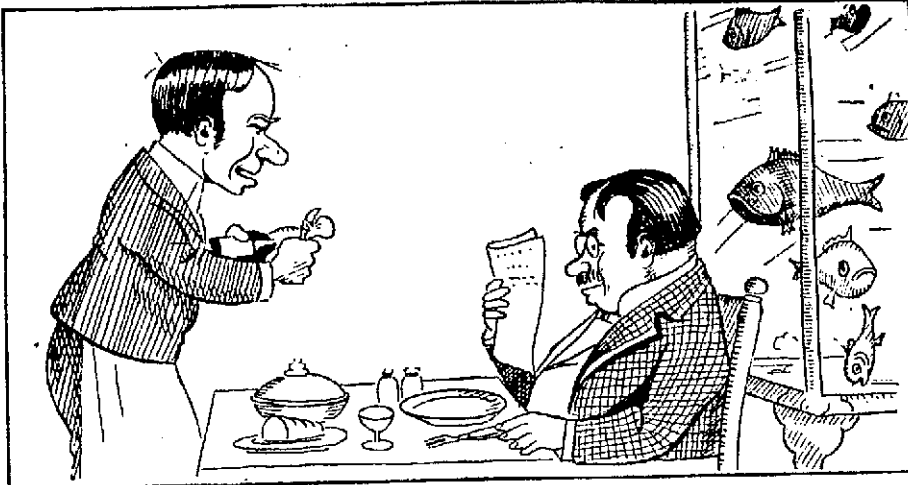

SNAPSHOT OPINION.
Ned—Clara says you are a perfect gentleman.
Fred—Why, she doesn't know me!
Ned—That's what I told her.

SPOILED HIS FUN.

"Hello, Wary. I thought you were having a good time down in the country."
"So I was till some misguided old hunter offered me work."

AND YET HE DIDN'T ORDER FISH.

ESPECIALLY SO.

A lot of trouble may be made by giving things erroneous names. 'Tis well to call a spade a spade, Especially in poker games.

CLARA'S IGNORANCE.

Clara—But were the pieces described in Tom's book at all like the real places, and did the men and women act and talk like real women?
Edith—Merely, no! The book is distinctly original. That is the charm of it, you know.

SAFE AND SOUND CASHIER.

"So you think the cashier of the Steenth bank is all right, do you?" asked a stockholder.
"Yes," said the bank examiner.
"When I call around to examine the books he doesn't act as if he was specially glad to see me."

ON A GANNIBAL CHIEFTAIN.

A tough old cannibal was he; You'll seldom see a ranker chief. He lived till he was eighty-three And never used a handkerchief.

MONARCH.

The foot that rocks the cradle From its prominence is hurled; The foot that does the kicking Is the foot that rules the world.

THAT HAPPY TIME.

A thousand autos chug like mad About our big and swiftly growing town. One man in each four hundred has the sad; I'll have it, too, when prices tumble down.

HE GOT IT ALL.

"Oh, yes. Beat was a beneficiary under old De Wealth's will."
"I didn't know he was a relative of De Wealth's."
"He wasn't, but he was attorney for a relative."

HE HAD BEEN BACKWARD.

"Were you surprised when I proposed?" he asked.
"Well, she replied thoughtfully, 'I was not so surprised when you proposed when you did as I was that you did not propose on some previous occasions.'"

USUALLY SO.

All free advice may seem quite nice. But if you'll think it over You'll find it's worth about the price You paid for it; no more.

THE MASTER PASSION.

Mrs. Lomas—I don't see what she wanted to marry him for; he has a croak leg, a glass eye, a wig and false teeth.
Mr. Lomas—Well, my dear, you know woman always did have a hankering after remnants.

A BETTER REASON.

Poet—What is the matter, my little man?
Boy—Doo-on! That little bird makes me weep!
Poet—Ah, the poetic nature!
Boy—No, sir. I forgot my air gun!

EVIDENCE.

"They say she is in love with her father's coachman."
"Poor girl! She must be as young as she claims to be."

WHY SHE WAS PROVOKED.

"He stole a kiss when I wasn't in the least expecting it."
"And you were provoked, of course."
"Provoked doesn't half express it. I was downright angry. Why, half of the enjoyment of a pleasure lies in the anticipation of it."

WHAT IT REMINDED HER OF.

Vicar's Daughter: "I hope you are enjoying the music, Mrs. Bowles?"
Old Woman: "Dearie me, miss, this brings me back to the days when I used to saw wood!"

QUITE NATURAL.

"How did Miss Wayup happen to marry her coachman?"
"I suppose he drove her to it!"

THOSE TARDY PUBLISHERS.

The great foreign novelist and his wife had been three or four days in this country. Already they were wearing smoked glasses to rest their eyes while reading the scarlet head lines over their golgs out and couings in.

"This is outrageous!" exclaimed the wife of the great foreign novelist as she crushed the newspaper in her hand and hurled it across the room.
"To what does m'dam refer?" asked her husband.

"Why, it is of the m'sieur le publisher. Was he not to have had it in the papers of America within three days the rumor that I am not my husband's wife? It would of our next book sell many thousands. But see, here comes the next of editions. I have not doubt it is printed in this."

And she hurried away to intercept the newshy and learn if their tury publisher had redeemed himself.—Judge.

THE BILLIONAIRE'S PRECEPT.

"My children, bless you! And remember this, lay something by every year, if it is only a few millions."

THE BEST.

Prospective Purchaser: "Is he a good mannered pup?"
The Owner: "Aw, course he is! Didn't I raise him myself?"

HIS DISCOVERY.

"Mary," said the young husband in hollow accents, "did you get the recipe for those biscuits out of the cook-book?"
"Yes, dear," she replied nervously.
"Why do you ask?"
"Nothing, pet. — only I didn't think cookbooks were such heavy literature."

TOAST TO HIS SWEETHEART.

Here's a toast to the girl Who with gentle galle Seta my heart in a whirl By a single smile. When I wed her may I find her Just as excellent a cook As she was a pretty nigger When she caught me on her hook!

No Preparations.

"Their divorce was rather unusual and unexpected, wasn't it?"
"Yes, indeed; I do not believe either of them had any notion when they would marry next."

A Painful Similarity.

"I am surprised that Jolly didn't pay you. I thought the fellow had good points."
"So have pine, yet they'll stick you!"

On Them.

Claverton—Did the surgeons treat you well at the hospital?
Duhaway—Finely. Every time they reset my leg, they set up the ether.

IMPRESSIONISM.

The Artist: "I maintain, sir, that I ought to paint nature as I see it."
The Critic: "That's all right. Only I hope you'll never see it as you paint it!"

ANOTHER FABLE.

A Traveler who was making his way along the seashore espied an Owl perched in a tree near the beach, and on the sands near by reposed a Clam. The Owl winked and blinked, but preserved silence, and the Clam had its shell tightly closed and made no sign of life.

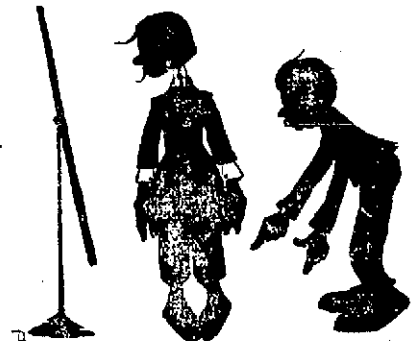

"Ah, but here is wisdom indeed!" exclaimed the Traveler. "I doubt not that both of these would give me valuable advice if I could only prevail upon them to talk."

Thereupon he coaxed and entreated them to break through their silence, and when he had wrestled with them for half an hour the Owl opened his mouth and gave utterance to a dismal wail. The Clam at the same time opened his shell and yawned sleepily.

"Great Scott, but how I have wasted my time!" exclaimed the Traveler. "The one but opened his mouth to make discord, and the other to show that he had no brains!"

Moral.—The man who never talks can only be criticized for what he doesn't say.

FOND RECOLLECTIONS.

Customer: "There's one advantage in a suit like this."
Tailor: "Ah, you admire the fit, I suppose!"
Customer: "No, it's not that, but it reminds me of the kind mother used to make."

L Adler Bros'. Clothing Creates a Sensation

Among the Good Dressers of Fresno

We have put nearly 100 of these suits on some of the best dressed men in Fresno, and their friends are asking, "Who made that suit?" not where did you buy it?

We have seen suits made in Los Angeles and San Francisco to measure at a cost of \$35, \$40 and \$45 in the same patterns as those we show in the Adler clothing, and if anything the suits we show are better.

Just now the demand is for those shadowy plaids, fantom effects in grays on black grounds, just the faintest shadow of a pattern then the blues and grays in hard finished worsted are very popular.

We shall be pleased to have any man interested in good clothing examine these Adler suits.

It's wise to get posted, it's wise to know just how much to pay for a first-class suit of clothes.

L. Adler clothing is sold only at Redlick's in Fresno. Prices from \$22.50 to \$35.00.

Shop By Proxy

Our out of town customers are realizing that it pays now to send their orders in, no matter how small. Every mail order receives the personal attention of a special clerk who shops for the customer, sees that the order gets an special price that may be advertised, sees that the trading stamps are enclosed, sees that no goods are substituted.

Shops for the customer just as though she was spending her own money.

Every out of town customer has the privilege of our money back offer at any time goods are not satisfactory.

If you are living at a distance from the store, send in your orders—whether for dry goods, groceries, clothing, women's garments, millinery or anything we sell. Out of town customers get the benefit of every special sale if they mention the date in their order.

Shop by proxy at Redlick's—it pays.

Our Bakery Dep't.

We have our own bakers, supply them with our own materials, give them the very best machinery to work with, so it naturally follows that we can turn out bread and pastry that will be satisfactory.

We are constantly improving the product of our bakery department; we are now turning out home made cakes that will rival those made by the best old-fashioned cook in Fresno.

Why shouldn't we? We have everything that goes to make a good cake and we see that it goes into the cake, and we sell it reasonably, so it naturally follows that our bakery business is in a constantly growing condition.

The bread we sell is pure, that's sure; it will pass the most critical examination; it's sales are constantly growing. If you haven't tried it, do it today.

Fall Dress Goods

There's a window of new fancies that is an interesting sight. The gray combination mill has a strong hold on fashion's fancy.

Fantom plaids and shadowy checks are woven with even more brilliancy than during the summer season.

Slender women can wear these plaids and checks to good advantage. They give the form a fullness of appearance that renders voluminous skirts unnecessary.

We are showing a magnificent collection and at prices that are sure to please any pocket book. Good goods from 50c a yard up.

25c Stockings 19c

There's a window display of them on the 1st street side that shows at a glance how good these stockings are. They are made of the very best Southern cotton, soft finished weaves, elastic ribbed tops, full lengths, high spliced heels and toes, no seams, and dyed a fast black. They are worth buying by the dozens at 19c the pair.

Towels Claim Attention Now

New arrivals of more than passing interest. We secured these through our New York agency and at a price that makes them very attractive bargains.

Union mixed towels, hem-stitched, very heavy texture, double warp, large size. Made to sell at 25c each; special today for 16c.

Bleached Bath Towels, 60 inches long, 28 inches wide. Heavy, thick pile, double threads, fringed ends. Regular 50c towels, selling special today for 35c.

Honeycomb huck toweling, 19 inches wide, makes excellent roller towels; very soft and free from lint or dressing. Toweling made to sell at 10c a yard will be on sale special today for 6 1/2c.

Misses' Millinery

We are just in receipt of some very pretty school hats for young girls. The most stylish shapes shown for fall wear. We are showing some of the new ones in Paon finished felt with telescope crowns in the College style. The crown decorated with quills and plain silk. Selling special at \$2.98.

We have another very pretty outing hat made of soft French felt, with a telescope crown dip brim; comes in shades of gray, navy, tan, white, red. Selling special today at 98c.

New Skirts \$5

Women's or misses' walking skirts that have just arrived. They are made up in the prettiest of stripes and plaids, some with side plaits and tailor straps finished with buttons; others with circular cut bottoms and fancy foot trimmings. These are skirts that would be difficult to match at even \$7.50.

We are making an unusually low price on them for just a few days longer.

Redlick's
125 N. 1st St.

School Shoes

You will find the good ones here, the kind that give good service and are reasonably priced. We are selling more school shoes than ever before. Parents have learned that the shoes we sell them give good service. These specials for today:

Little gent's school shoes for boys who wear up to No. 13 1/2, stout kid or box calf skin, full double soles; made like a man's shoe. Will give \$1.75 worth of service. Selling special for \$1.20.

Boy's school shoes, stout calf skin, thick soles, soft uppers, solid leather shapely styles; sizes to 5 1/2. Special for \$1.45.

Misses' school shoes, kid or box calf skin, extension soles, broad comfortable lasts. The kid shoes have patent leather tips. Sizes to 2. Choice for pair \$1.45.

Grocery Specials

Every day our grocery news is eagerly read by thousands of prudent housewives who look to this store to save them money. Today is no exception to the rule.

Cold Roast Beef, Pork or Veal, lb. 25c
Breakfast Beans, doz. 8c
Fancy Sweet Potatoes, 11 lb. 15c
Shredded or Grated Pine Apple, can. 19c
Carnation Wheat Flakes, package. 25c
Baker's Chocolate, cake. 17c
Broken Rice, lb. 5c
Corn Starch, pkg. 7c
Yellow or White Corn Meal, sack. 20c
Sapallo, bar. 7c
Sour Pickles, qt. 10c
Surprise Coffee, lb. 25c

Meat Specials

Meat whose quality is beyond criticism; prices that cannot be matched anywhere else:
Veal Stew, lb. 7c
Breasts of Mutton, lb. 8c
Round Steaks, lb. 8c
Between 2 to 4 P. M. only, no telephone orders or delivery. We will sell rib or loin mutton chops, lb. 10c.

WOULD DELAY MEETING TILL CITY HALL'S DONE

Mayor Lyon has received a letter from H. R. Mason, secretary of the California League of Municipalities asking him to call on his next visit to San Francisco and talk over with Mason matters in connection with the coming convention of the California League of Municipalities, which is scheduled to meet in Fresno in November. Mayor Lyon says he will endeavor to leave the meeting delayed until the city hall is completed. Nearly every mayor in California, besides numerous other officials from the various cities, will attend the convention. Mayor Lyon reports.

WANTS HARMONY MEETING WITH BOARD OF TRUSTEES

Health Board Would Hold Conference With City Fathers for Purpose of Adjusting Differences—Dr. Hayden's Report Shows Fresno's Death Rate Unusually Low and Birth Rate Unusually High—Plumbing Inspector Elliott Wants Raise of Salary.

The Board of Health wants to meet the Board of City Trustees on a heart-to-heart talk. The city fathers and the guardians of the public health have for some months been putting in opposite directions. The doctors have insisted upon numerous inspectors, to insure that the city will be sanitary and that the citizens will have pure food. The trustees have insisted that the health board was extravagant and furthermore was usurping some of their own powers. At the regular meeting of the Board of Health last night Dr. Burk's suggested that in view of the frequent misunderstandings between the two bodies a private conference between them where each could explain its position might tend to restore harmony.

"If we can explain to the members of the board thoroughly just what we are trying to accomplish," said the doctor, "and get them to appreciate our point of view, I think we will get along much better."

The other members of the board agreed with Dr. Burk's suggestion and Dr. Loper, the chairman, and City Health Officer Hayden were appointed a committee to try to bring about a meeting between the two bodies before next Monday night, when the trustees hold their regular meeting.

This action on the part of the Board of Health was precipitated by a resolution passed by the city trustees at their last meeting repealing the ordinance giving to the health board the power to appoint meat and food inspectors.

Report of Health Officers.
The report of City Physician Hayden, presented last night, was of unusual interest. The report was as follows:

"Fresno, Sept. 10, 1908.
"To the Honorable Board of Health, City of Fresno:

"Gentlemen: I herewith submit you my report for the preceding month for your consideration.

"I have to report the general health of the city good, there having been reported only one so-called contagious case for the entire month, namely, one case of diphtheria. There were reported about fourteen cases of typhoid fever, but as the great majority of these were brought into the city for treatment, they were not chargeable to us in a causative relation. If people would abandon the use of these miserable shallow wells, I do not think we would have a single case of typhoid to report. It would be interesting to know definitely if these cases arising from well waters are really typhoid, due to bacillus typhosus, or simply a kind of a low septic fever due to some mercurial poison as taught by the older pathologists. I think the latter may be the case often."

Few Deaths in Fresno.
"The mortality of the city for the month of August is very low and speaks volumes for our hot climate or the hot part of our climate. On this point I have to report only a total of thirteen deaths from all causes for the entire month. The causes as reported are as follows: Unknown one, pneumonia tuberculosis three, typhoid fever four, malarial fever one, abscesses one, senility one, epilepsy one, enterocolitis one. Of the total thirteen, nine were of the so-called preventable diseases, illustrating forcibly the unnecessary loss of life going on in our midst. Take for example the four deaths from typhoid; these should have been easily preventable with a little intelligent care on the part of those immediately concerned. These all occurred in young persons who should be alive and well today. They were not individuals well advanced in life whose course was about run, but people on the threshold of life who should have been preserved to a life of usefulness. I do not think these every day lessons are sufficiently impressed on the minds of the people generally, or there would be a more concerted action taken to second the efforts of the health department of every town and city to do more in the line of prevention of disease. The same remarks apply to the cases of tuberculosis, except that one of these cases occurred in a person past the meridian of life. In view of these facts, it is wise, I should like to ask our city fathers, to curtail the inspection force of this board in order to save a paltry eight or nine hundred dollars annually to the city treasury and lose a few score of valuable lives who are worth several thousands of dollars to the city as producers and bread-winners."

No Race Suicide.

"Fresno was the highest or next to the highest on point of birth rate of all the California cities and towns for the past year, and if the month of August is an index of what we are going to do this year, we will take the whole bakery."

I want President Roosevelt to sit up and take notice of the fact that to offset the total for August of thirteen deaths, we have a total of forty births to report for the same month. This is going some, and if any race suicide is apparent hereabouts, let him point it out to the Fresno Board of Health and it will proceed to correct the same. Of this number of births nineteen were male and twenty-one were female, a very equitable division of matters and one indicating continued prosperity and the absence of any immediate war."

I have visited all the dairies and I can assure this board that the product from one and all is safe to use, and a product that we as a city and county should be proud of. Milk that can be used as our product has, with impunity by both young and old during the heat of the past two months, is eminently a safe article of food, and this board should not relax one jot from its vigilance of the past to maintain the present high standard of excellence."

The Town Cow Again.

"And with the approach of the wet season, I want this board to do something with the town cow to prevent a repetition of last winter's trouble with her. And I want some of the good citizens who kick about 'chessy' illthiness to at least help the health board's efforts with an occasional 'amen' when the Sage of Belmont and others of the defenders of the widow and fatherless jump on my prostrate form and trip out my sword life."

A Word to Milk Users.

"But as to the dairies, we have demonstrated that with cleanliness in the act of milking, and with plenty of hot water and steam with which to cleanse

the milk containers, it is possible to produce good and wholesome milk in any climate. Now, let the users of milk exercise the same care in keeping the milk that the dairies do in producing the same, and we will hear little of the baneful effects of milk as an article of diet."

Sewers.
"With regard to the sewer trouble, we have had for some time in the south part of town, we are pleased to report, a temporary amelioration of the overcrowded condition by the experiment of diverting the excess of water from the ice works in another direction, viz: in the case of the Consumers' company they turned the water onto some vacant lots sited to alfalfa, which seems to absorb the water very well, and in the case of the San Joaquin factory we suggested it be turned into the street gutters for a time. The result has been very satisfactory to this office. The complaints of sewer trouble ceased almost entirely as if by magic, and in their stead has been some little complaint of the water being turned in the gutters."

While on this matter I wish to recommend to this board that steps be taken to prevent the turning into the sewers of anything but sewage, for with the growth of the city and the numerous connections that must necessarily be made in the near future if the sewer is used as it has been by these large institutions for drainage purposes, we will have the same condition of congestion and an over-worked sewer to contend with very soon, within the next few years, as we have for the past year or two."

T. M. HAYDEN, Health Officer.
Sewers Are Relieved.

Verbally, Dr. Hayden reported that since the water from the ice plants was turned out of the sewers, there has been but one complaint of the backing up of sewer water. The sewers are running full even now, and the entire cause of the congestion was the great volume of water turned into the sewers from the ice plants. The water running in the street gutters will not do any damage, as it is absolutely pure and runs all the time.

Plumbing Inspector's Report.

The monthly report of the plumbing inspector was read, as follows:

"Fresno, Cal., Sept. 10, 1908.
"To the Honorable Board of Health of the City of Fresno:

"Gentlemen—The undersigned, plumbing inspector of the city of Fresno, submits for your consideration his report for the month of August, 1908, as follows, to-wit: There were seven plans and specifications submitted, all of which were approved.

The number of plumbing jobs inspected was fourteen; sewer permits issued one; sewer inspected one.

"There has been an unusually large number of complaints about the sewer, all of which have been answered and relief afforded where possible. Since my last report I have visited the school houses and find them in about the same condition as when last reported upon."

"I would like to suggest that an appeal be made to the public to stop the great amount of waste water caused by leaking faucets and valves from entering the sewers. If this waste water were stopped it could afford, to say the least, some relief to those suffering from the congested condition of the sewers."

Yours respectfully,
"R. H. ELLIOTTHORPE,
"Plumbing Inspector."

Would Inspect All Buildings.

In reply to a question from Dr. Russell, Elliottthorpe stated that in his opinion about half the houses erected before 1901, when the present city charter went into effect, have defective plumbing. The work is crude and generally not up to date.

"There is no way to remedy this, unless we have an epidemic that compels us to," said Dr. Burk.

"We could have a house to house inspection made," said Dr. Russell, "and when a case of defective plumbing is found compel the people to make it conform to the ordinances. This is the only way we can have a healthy city."

Sanitary Inspector's Report.

The report of the sanitary inspector was next taken up. It was as follows:

"Fresno, Cal., Sept. 10, 1908.
"To the Honorable Board of Health:

"Gentlemen—I most respectfully submit the following report for the month of August, 1908:

"During the month I have inspected the entire city and have had numerous complaints of the overflow of the city sewers. But at the present time and since the water from the ice companies' factories has been diverted from the sewers the general sanitary conditions are greatly improved."

"I have been informed that the canneries will be closed for the season about the 15th of this month, and this fact will greatly aid the congested condition of the sewers."

"The two cow dairies within the city limits have again caused many complaints. The public generally do not take very kindly to the fact of a dairy within the closely settled districts of the city and at the present time a complaint has been filed against a private dairy within the city limits, alleging that the maintenance of cows is a nuisance."

"The recommendation of the Real Estate Board of this city asking that a city ordinance be passed compelling all second lots be kept free from grass and weeds should have the endorsement of this Board of Health. At the present time no such law exists in this city."

Respectfully,
"A. MACHEN,
"Sanitary Inspector."

There was some discussion as to the ordinance requiring vacant lots to be kept clean from grass, the sentiment being that such an ordinance ought to be passed.

Meat Inspector's Report.

The report of Meat Inspector Burleigh was next taken up. He was present, but Burleigh orally. He stated that he had made a rigid inspection of all slaughter houses, visiting them about every day, and on alternate days visiting the restaurants, hotels, meat markets, fruit and vegetable stores, generally conditions as to cleanliness and sanitary handling of meat and food were much improved over what they were a month ago.

slaughter house yard and he had them all driven away. He had condemned a lot of sausage meat and had it destroyed, and had compelled the butcher shops to clean up the ice chests where meat is kept ready for sale.

"One thing that there ought to be an ordinance to govern," said Burleigh, "is the prohibiting of butchers from smoking while at work. In one shop in particular, I have seen men stop in the middle of cutting meat to roll a cigarette. Then they blow the smoke about and it is bound to get on the meat. I have spoken to a number of butchers about this."

Elliottthorpe Wants a Raise.

A communication was read from Plumbing Inspector Elliottthorpe asking for an increase of his salary from \$100 a month to \$125. With it was a communication from the Plumbers' union endorsing the raise. Elliottthorpe's request was made in view of the fact that journeyman plumbers are now receiving \$5 a day. Men working in Fresno have been making as high as \$10 a day on account of the overtime employment they get. The union objects to his working as a plumber for less than the union scale of wages.

Dr. Burk believed that the raise ought to be allowed, particularly as under the present scale it put Elliottthorpe in the light of a "scalp," as he was violating the rules of his union.

Dr. Russell called attention to the fact that the health board has been often blamed by the city trustees as being extravagant, and said he thought the matter ought to be more closely looked into before the recommendation of a raise in salary was made to the trustees. The fact that Elliottthorpe has employment every day in the year ought in a measure to compensate him for working for less than the regular daily wage rate of the union.

Elliottthorpe replied to this by saying that there is scarcely a plumber in town who has lost a week in the last year. A motion made by Dr. Burk recommending to the trustees that Elliottthorpe's request be granted, was unanimously passed.

PLEASURE SEEKERS HAVE NARROW ESCAPE

Recreation Park Train Almost Run Down By Santa Fe Loco-motive.

The Recreation Park train very narrowly escaped being run into last evening by a Santa Fe engine on its return trip from the park. As it was, the engine missed the last car by less than two feet, causing great excitement among the passengers and almost hysterics among the women.

As the park train approached the Santa Fe tracks all seemed quiet. Fifty feet away from the electric track stood an engine apparently still, but as the first car started to cross the engine backed up. The passengers seeing it coming were thrown into a panic. Women screamed, men jumped and confusion reigned.

One lady jumped from the last car and landed immediately in front of the approaching engine and was, at first, thought to have been run over. She escaped just in time and the big locomotive swished past between her and the car's tender.

This is the second time a similar accident was narrowly escaped. About ten days ago a car returning from the park crossed in front of a train and collision was missed by only a few feet.

According to one of the passengers the locomotive deliberately started up when the train was just starting across the track, and the motorman was in no way to blame.

RUSSIAN AGRICULTURIST PAYS VISIT TO FRESNO

Nicholas A. Kostareff, a member of the Imperial Russian Agricultural society, is in Fresno investigating fruit conditions. He is making a tour of the world, studying methods of fruit culture and processing. He will spend a week in Fresno visiting the orchards and packing and canning plants. He visited the Chamber of Commerce yesterday. He states that he is particularly interested in Fresno on account of the similarity of the climate and products to those of his home at Stochy. He says his country is particularly backward in fruit canning and he is making a special study of the methods of putting up fruit.

Republican League Club.

The Republican League club held a well attended meeting in Einstein hall last night. H. E. Barbour, the president, was in the chair. John W. Gearhart was elected vice-president. The appointing of the members of the executive committee was left to the chairman. The club will meet the first Monday in each month.

AUTUMNAL CATARRH.

Disease Prevalent Now. Hyomei Will Cure It Quickly.

A great many people suffer more with catarrh during the fall months than at any other season of the year, as changes in weather seem to have a bad effect upon the disease.

At the first warning of catarrh, one should begin the use of Hyomei. A few days' treatment will often prevent a serious attack of this distressing and annoying disease.

There is no stomach disease with Hyomei. It cures catarrh by the simple and natural method of breathing medicated air into the nose, throat and lungs, in this way killing the germs of catarrhal poison, healing and soothing the irritated mucous membrane and entering the blood with the oxygen, thus driving all catarrh germs from the system.

If you have any of the ordinary catarrh symptoms, such as offensive breath, burning pains in the throat, coughing, raising of mucus, difficulty to breathe, sneezing, huskiness, discharge from the nose, droppings in the throat, coughing spasms, etc., begin the use of Hyomei at once.

A complete Hyomei outfit costs but \$1.00, extra bottles 50c, and the San Joaquin Drug Co. give a personal guarantee with every package, that money will be refunded unless it cures.

That Painful Cough.
Can be removed with S. B. Corn Plaster. Don't be humbugged with others; get the genuine at Smith Bros' Drug Store.

Miss Bell T. Riddle opens her studio in vocal culture this week, 1327 M St. Reception hours, 4 to 5, Monday, Wednesday and Saturday, or by appointment. Phone State 2270.

Try Some of Our Spring Lamb

It's just splendid, and is as tender as you can imagine.

More like chicken than anything you can imagine.

Delicious doesn't describe its goodness. You have to try some before you can even have an idea how really fine it is.

Gold Discount Stamps with every lot purchase.

Diamonds Are Different

Some are full of fire and some are dead. You may buy one of the latter kind elsewhere and never know it—till you try to sell the stone.

We buy no dead diamonds, consequently sell none. You're safe in making selections at Oberlin Bros.
